ORDER THEREON.—The Deputy Commissioner is informed that the suggestion will be noted in the Legislative Department for adoption, when rules under the Regulation are issued. REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 1st February 1892.

READ:—

Letter No. 546 of the 19th September 1891, from the Deputy Commissioner of the Mysore District.

No. 12094-6—391, DATED BANGALORE, 1ST FEBRUARY 1892.

ORDER THEREON.—Improvement to the Head Works of the Ramasamudram channel drawn from the Cauvery river in the Yedatore Taluk, widening the main channel and extending it to a point beyond Tippur, and excavating the Kaggare and Tippur branches by cutting across the Kaggare saddle, is one of the important Public Works Department projects which has been in hand during the past five years or so. The first part of it was finished in 1887-88 and a large area was brought under irrigation for the first time in 1888-89 and 1889-90. The subject of contributions agreed to be paid by the owners of these lands was disposed of in the orders contained in Proceedings No. 1844-6—105, dated 31st May 1889, in which the action taken by the then Deputy Commissioner of the District in accepting agreements to pay such a sum not exceeding 30 Rs. an acre as may be considered reasonable and in assessing the contributions by a field by field inspection of the lands commanded by the main channel extension, was approved.

2. The Deputy Commissioner's report now read relates to the settlement of contributions payable for lands commanded by the Kaggare branches of the Ramasamudram channel extensions, *viz.*, the Kaggare-Bannikuppe channel and Kaggere-Tippur channel.

3. The rates fixed on a careful inspection of the lands commanded by these branches are Rs 30, Rs. 25, Rs. 20 and Rs 15 per acre, with a still lower grade of Rs. 12½ per acre for lands irrigated by the tail water of the channel.

The results are as follow:—

Village			Extent. A.	G.	Amount of Contribution. Rs.	A.	P.
Tippur	...	...	154	33	4,037	0	0
Kaggare	...	...	197	30	5,409	10	0
Kamenahalli	...	...	535	7	7,326	11	0
Bannikuppe	...	...	102	21	2,510	12	0
Chamalapur	...	...	303	17	6,827	2	0
Subbapanditana Koppal		...	138	5	3,107	14	0
		Total	1,231	33	29,219	1	0

Mr. Assistant Commissioner Krishnaiengar's report enclosed with the Deputy Commissioner's letter fully explains the details of these figures, and the proposals meet with the approval of Government. The contributions thus fixed will be collected in due course and at an early date.

4 With reference to the remark contained at the conclusion of para 13 of Mr. Krishnaiengar's report, the Government are of opinion that the distribution of the amount fixed for the Inam village of Subbapanditana Koppal among the two partners who hold this village between them should also be made by the Deputy Commissioner on the same principles as in other cases, that is, with a due regard to the nature of the lands severally owned by them. The Deputy Commissioner is requested to effect the distribution and report the result for the information of Government.

5. Government note with satisfaction that 55 acres and 4 guntas of unoccupied land commanded by the channels fetched Rs. 5,843-0-0 when sold by auction, *i. e.*, an average rate of Rs 106 per acre.

6. Putting together the main channel extension and the Kaggare branches, the results are as follow :—

	A.	G.
Area commanded	2,469	30

	Rs.	A.	P.
(*a*) Raiyats' contribution	50,967	3	0
(*b*) Sale proceeds of Government unoccupied land sold by auction	13,725	8	0
Total.....	64,692	11	0

7. Out of the area above shown, 1,867 acres and 8 guntas have been irrigated and pay annually a water cess of about Rs. 7,469, *i. e.*, at the rate of Rs. 4 per acre, pending reclassification and assessment, and 582 acres and 36 guntas are expected soon to be brought under irrigation, the remaining extent to which it is reported that water does not rise being 19 acres and 26 guntas.

8. The estimated cost of Head Works, widening of the old channel and excavation of extensions being Rs. 1,83,082, the financial justification of this irrigation work has thus been satisfactory.

From the Deputy Commissioner, Mysore District, To the Chief Secretary to the Dewan of Mysore, No. 879—Enclosure 1, dated 12th January 1892.

Has the honor to submit herewith for orders copies of this office Docket No. 398, dated 10th November 1891, to the Executive Engineer, Ashtagram Channel Division, and his reply No. 9, dated 1st instant, regarding the recovery of the value of the date trees unauthorizedly cut down by the Contractors and used by them for burning bricks in the Nanjangud Taluk. The Executive Engineer does not say why he would not interfere, but it cannot be denied that he is competent to withhold the amount in question from the Contractor's claim, as it is a Government demand. In a similar case, when a Deputy Commissioner refused to attach money due to the Department, Public Works, on account of house rent, from the pay of an Amildar, the Government was pleased to rule that the refusal was irregular. If the officers of the Public Works Department refuse to comply with such requisitions, the Revenue officers will be compelled to take stringent measures with their Contractors who may transgress Revenue rules, which will lead to delay and interruption in the execution of contracts and thus lead to unpleasantness between the two Departments, which it is desirable to avoid.

Enclosure to No. 879, dated 12th January 1892.

Has the honor to state that the Amildar of Nanjangud Taluk reports that Halhalli Channel Contractors Messrs. Leswich and Andana Shetti have unauthorizedly cut down 18 date trees and used them for burning bricks. It is requested that double the value of those trees at the rate of 4 annas per tree, viz., Rs. 9 may be deducted from the amount due to these Contractors and sent to this office.

From the Executive Engineer, Ashtagram Channel Division, To the Deputy Commissioner, Mysore District, General No. 9, dated 1st January 1892.

His No. 398, dated 11th November last, requesting to deduct Rs 9 from the amount due to Contractors Messrs. Leswich and Andana Shetti for having unauthorizedly cut down 18 date trees.

Has the honor to state that the undersigned regrets he is unable to interfere.

The Amildar may proceed against the Contractors according to law.

No. 12140-1—402, DATED 4TH FEBRUARY 1892.

ORDER THEREON.—It does not appear from the Deputy Commissioner's reference whether any enquiry was held or any decision was passed under Section 44 of the Mysore Land Revenue Code, 1888, after due notice to the Contractors. If there was a decision as to the payment of the value of the trees alleged to have been unauthorizedly felled by the Contractors, the said value together with any fine imposed is recoverable as an arrear of Land Revenue under Sections 44 and 193 of the Code. If, after due notice, the Contractors fail to pay the amount mentioned in the order of the Deputy Commissioner, the money in the hands of the Executive Engineer may be attached under Rule XXXVII, Clause 12, of the Rules framed under the Code and the Executive Engineer will be bound to hold the money attached at the diposal of the Deputy Commissioner as therein directed. The case quoted by the Deputy Commissioner is not analogous to the one under reference, nor is the ruling contained in Dewan's Proceedings No. 576-84, dated 19th May 1887, applicable to a case which is separately and distinctly provided for by the Revenue Code.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 22nd February 1892.

No. 453, *dated 22nd February* 1892.

1. It is hereby notified by the Government of His Highness the Maharaja of Mysore that the exclusive privilege of selling country spirits in the defined tracts specified in the subjoined schedule for the official year beginning 1st April 1892 and ending 31st March 1893, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates and at the places specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale, may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or if necessary, reserving special tracts in which there may at present be no shops, for disposal afterwards.

2. The exclusive privilege above described will be put up to auction at the upset prices mentioned in the aforesaid schedule, and will be knocked down to the approved highest bidder above those prices, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject the bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid. Should there be no bid above the upset price, the officer conducting the sale, may lower the upset price at his discretion.

3. Parties intending to bid must attend either in person or by duly authorized agents and no person will be permitted to bid either on his own behalf or on account of any one else until he has deposited Rs. 200. The deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned at the close of the sale. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next farm is put up for sale, deposit a sum equal to one-twentieth of the amount of his bid, and within fifteen days of the confirmation of the sale having been notified to him by the Deputy Commissioner in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent, and if he fails to do so, the deposits already made will be forfeited, and the exclusive privilege will be immediately resold or otherwise disposed of as the Deputy Commissioner may direct.

4. Resales effected under para 3 will be at the risk of the defaulting bidder who will forfeit all gain, and in the event of a loss by the resale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth, and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be resold at the risk and loss of the first purchaser as set forth in paras 3 and 4. or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. The existing shops in each farm are specified in Appendix D.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the appended Form A, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1.) The exclusive privilege shall extend only to the sale of country spirits ordinarily of 20° under proof, and with the special permission and passes

of the Deputy Commissioner or other officer authorized by him, to the sale of double distilled spirits and "Milk punch" in bottles duly corked and labelled in the Central Distillery.

(2.) The amount for which the privilege has been purchased, shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from April 1892; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on the 15th of the month following.

(3.) The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the farm. Failing payment of each monthly rent by the 15th of the next month, the Deputy Commissioner will recover the same under the rules in force for the recovery of land revenue, together with interest at 6 per cent per annum. No remission or abatement of the rent, shall, on any account whatever, be claimable by the licensee.

(4.) (*a*) The licensee shall purchase the spirits for issue to his shops from Messrs. Parry and Co, who have been appointed distillers for the manufacture of country spirits for the State, or from any Bonded Ware-house established under the sanction of Government. The rate to be charged by such distiller for spirits supplied by him shall be 10½ annas per gallon of 20° under proof, and proportionate rates for higher or lower strengths in accordance with Cassella's rules.

(*b*) The above rate is in addition to excise duty which shall be prepaid into the local Government Treasury, as per condition (6), at the rates specified in the subjoined schedule, before the removal of the spirits from the Distillery, or from any Bonded Ware-house established under the sanction of Government.

(*c*) The licensee shall sell the spirits to the public at Rs. 5—5—0 per gallon of 20° under proof, and at proportionate rates for higher or lower strengths.

(5.) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of the liquor covered by the receipt, and on payment of the prescribed price of such liquor to the distiller or his agent, or any person appointed by Government on this behalf, the Assistant Supervisor or other officer in charge of the Distillery or Ware-house shall issue the quantity of liquor equal to the amount of duty shown in the Treasury Officer's receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Assistant Supervisor or other officer aforesaid as to the date and hour when the liquor was issued. The Assistant Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form under the rules in force for the transport of the liquor from the Distillery or Ware-house. The licensee who obtains liquor from a Bonded Ware-house, shall pay both the price of liquor and duty into the local Taluk Treasury.

(6.) The licensee shall maintain at a place or places within his farm, where it may be considered necessary by him and the Deputy Commissioner, a Depôt or Depôts to which all spirits purchased by him, shall be conveyed in the first instance for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The Depots shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such Depôt shall be opened without a license from the Deputy Commissioner in the prescribed Form B hereto appended.

(7.) The spirits shall be sold as issued from the Distillery or Ware-house, and shall not be adulterated or diluted in any manner in the shops.

(8.) The licensee shall keep true accounts of the quantity and strength of the spirits purchased by him and issued to shop-keepers. The passes issued with the liquor purchased by him, shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government hereafter.

(9). The spirits shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10.) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11.) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling country spirits; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest direct or indirect, in any arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12.) The licensee shall be bound to take over any arrack which may remain as stock in hand on the 1st April 1892 in the existing wholesale Depôt in his farm, paying to the old contractors such compensation for the same as may be fixed by the Excise Commissioner.

(13.) The licensee shall be bound by the provisions of the Excise Laws and rules in force or by any additional rules which may from time to time be prescribed under the Excise Laws. The licensee shall use such measures as may from time to time be prescribed by Government.

(14.) This contract shall not be transferable except with the permission of Government.

(15.) The remaining terms and conditions shall be as set forth in the shop license, Appendix C.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such condition, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and resell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government; and all loss hereby caused should be made good by the licensee. When a lease is cancelled, the rent for the whole period of the lease shall become due at once. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of Land Revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise Laws for the time being in force.

10. For the convenience of the farms which are far away from the Government Central Distillery, Bangalore, Bonded Ware-houses are proposed to be established at the following places, namely, Bowringpet, Tumkur, Mysore, Arsikere, Kadur and Holalkere; and any future alterations of localities of such Bonded Ware-houses will from time to time be duly notified.

"By Order,"

4. The above rates are in addition to excise duty, which shall be prepaid to Government at the rates specified below per Imperial gallon, before the removal of the spirits from the distillery or from any Bonded Warehouse established under the sanction of Government, namely, on spirits of 20° under-proof the rate specified in the margin, and proportionately on spirits of higher or lower strengths.

5. Excise duty shall be prepaid by you into the local Government treasury; but if you obtain liquor from a Bonded Warehouse, both the price of liquor and duty shall be paid into the local Taluk Treasury.

6. You shall maintain at a place or places within your farm under the approval of the Deputy Commissioner a Depôt or Depôts to which all spirits purchased by you shall be conveyed in the first instance for verification of the consignment by a Government officer before issue to the shopkeepers, under the rules in force. Depôts shall at all times be open to inspection by the Deputy Commissioner or any subordinate whom he may depute for the purpose, or by any Excise officer. No such Depôt shall be opened without a license from the Deputy Commissioner.

7. The Deputy Commissioner or any officer of the Excise Department not below the rank of Assistant Commissioner may direct the destruction of spirits in your Depôts which he may consider unfit for consumption or use.

8. You shall not mix with the spirits to be issued to your shopkeepers any ingredients noxious to health.

9. The spirits supplied or sold from, or kept for supply or sale at, your depôt by you to your shopkeepers, shall be ordinarily of the strength of 20° under-proof: and spirits shall not be supplied or kept or sold by you or by your shopkeepers at any other strength without special permission. For sales of liquor of higher strength than 10° under-proof and of lower strength than 20° under-proof, the special orders of the Deputy Commissioner shall be obtained. Liquor of 10° under-proof shall be sold only to respectable individuals under special passes issued by the Excise Department and in bottles duly corked and labelled by the senior officer in charge of the Distillery. No water or other beverage or liquor other than arrack, of any quantity whatever shall be kept in the shop in which arrack is sold or on the person or in possession of the license holder or vendor or any employés in the shop.

10. You shall keep true accounts of the quantity and strength of the spirits purchased by you and issued to shopkeepers. Such accounts shall be produced when required for inspection by the Deputy Commissioner or by any officer appointed by him, or by any Excise officer; and you shall be bound to furnish, or cause to be furnished, such information or returns as may be required by the Deputy Commissioner from time to time regarding the consumption of spirits within your farm, or relating in any way to your management as a renter. The sales of liquor of higher or lower strengths than 20° under-proof shall be accounted for separately in the prescribed form.

11. Spirits shall not be sold except in shops duly sanctioned and licensed by the Deputy Commissioner: and no additional shops shall be opened without the previous sanction of the Excise Commissioner. You will be at liberty to select your shopkeepers, and will be allowed to establish as many shops as the Deputy Commissioner may consider necessary for the supply of your farm.

12. The Deputy Commissioner may, whenever he thinks fit, direct shops to be closed, or permit transfer of shops from one place to another, or direct new shops to be opened with the previous sanction of the Excise Commissioner. You shall be bound to maintain such supply of spirits as the Deputy Commissioner may consider sufficient to meet local requirements in all sanctioned shops.

13. Each shopkeeper shall place the license granted to him in a conspicuous place in his shop.

14. A signboard shall be affixed in a conspicuous part of the front of each shop, containing in the vernacular of the district, the name of the shopkeeper and the number of his license.

15. The shopkeepers shall prevent all drunkenness or disorder or gaming within their shops.

16. No shop shall be opened before sunrise.

17. Shops shall be closed by 9 o'clock P. M., unless the Deputy Commissioner, for special reasons, shall, generally or specially, authorize the keeping open of particular shops to a late hour.

18. The shopkeepers shall not harbour robbers or thieves or riotous persons, but, on the contrary, shall give intimation to the nearest Magistrate or Police officer as to any such persons who may resort to their shops.

19. The shopkeeper shall not receive any grain, jewels, goods, wearing apparel or other article in barter or in pawn for spirits; but, on the offer of any such, shall give information to the nearest Magistrate or Police officer.

20. No shopkeeper shall allow any quantity of spirits to be removed by any individual from the shop on any pretence whatever without a valid permit.

21. You shall provide yourself and your shopkeepers with printed forms of permits for transport and possession of spirits. Such permits shall be in the form prescribed in the Excise Department, and shall be purchased from the local Excise officers.

22. At every shop for the sale of spirits there shall be kept an account showing the quantity and strength of the spirits received therein, the quantity and strength of the spirits sold, the prices at which they are sold, and the quantity and the strength of the spirits remaining unsold each day. Such accounts shall be in prescribed form, and shall be produced for the inspection of the Deputy Commissioner or of any officer appointed by him for the purpose of inspecting them, or of any Excise officer whenever required.

23. Shopkeepers shall be bound to furnish such returns and information as may from time to time be required by the Deputy Commissioner.

24. The shopkeepers shall not keep in their shops, offer for sale or sell any spirits except spirits supplied by you; neither shall they keep in their shops, offer for sale or sell spirits of any

other strength than 20 under London proof, or other liquors without special permission. The spirits kept in the shops, offered for sale or sold shall be unadulterated and undiluted. Spirits shall be sold to the public at Rs. 5—5—0 per gallon of 20° under-proof and at proportionate rates for higher or lower strengths.

25. Shopkeepers shall use such measures as may from time to time be prescribed by Government.

26. You shall have such measures tested, stamped and supplied at your own cost.

27. You shall furnish each depôt for the issue of spirits to shopkeepers, with a hydrometer of any pattern prescribed by Government.

28. The shopkeepers shall not sell or give any spirits to any European Non-Commissioned officer or private soldier, or to any European or Eurasian campfollower, or to any member of the families of any of the aforesaid persons, without the permission in writing of the Commanding Officer, or of some person duly authorized by him in that behalf; nor to any sepoy, member of the Police Force, or servant of a Railway Company, whilst on duty; nor to any European vagrant under escort of the police; nor to any child under twelve years of age for consumption on the premises; nor shall they sell any spirits on credit.

29. The Deputy Commissioner may direct that all shops for the sale of spirits on, or adjacent to, the line of march shall be closed whilst a regiment or detachment of European or Native soldiers is passing or encamped in the vicinity. Such soldiers may be supplied with spirits by such persons as the Government may select for the purpose, notwithstanding your exclusive privilege.

30. Every person employed by you to superintend depôts or placed in charge of shops shall, before entering upon his employment, execute the engagements prescribed by law. All engagements entered into by persons to be employed by you on the 1st day of April 1892, shall be deposited with the Deputy Commissioner within one month from that date or of the date of executing the engagement.

31. If it comes to your knowledge that any person employed by you in the carriage or sale of spirits, commits any breach of the Excise laws or of the engagements entered into by him, it shall be your duty to report the matter to the Deputy Commissioner, and to comply with the directions of the Deputy Commissioner respecting the continued employment of such person.

32. You shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, or permit any person having any interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in your exclusive privilege of selling country spirits. *Nor shall you during, the term of your license, without the written permission of the Deputy Commissioner, have any interest, direct or indirect, in any monopoly vend of arrack in any foreign territory, or permit the holder of any such farm to have any such interest in the farm held by you under the license.*

33. You shall be bound to take over any arrack which may remain as stock in hand on the 1st April 1892 in the existing wholesale Depôts in your farm, paying to the old contractors such compensation for the same as may be fixed by the Excise Commissioner.

34. Interest shall be payable upon all moneys due by you at the rate of 6 per cent per annum.

35. In the case of any breach of the conditions of the license either by you or, with your connivance or privity, by any person in your employment, it shall be competent to the Deputy Commissioner to impose upon you a fine not exceeding the sum of Rs. 50 for every such breach of such conditions, or, at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and resell the exclusive privilege at your risk, or to place the farm under the management of Government; and all loss thereby caused shall be made good by you. It shall be lawful for the Deputy Commissioner to deduct the amount of all fines imposed under this clause from any sums deposited by you as security for the due performance of the conditions of the license. When a lease is cancelled, the rent for the whole period of the lease shall become due at once.

36. The imposition of a fine, or the forfeiture of deposit, or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of any person for any offence which may be committed against the provisions of the Excise laws or rules.

37. If you shall be convicted on prosecution before a Magistrate of any offence against the Excise Act, or other law for the time being in force and relating to the Excise revenue, it shall be lawful for the Deputy Commissioner to declare your license forfeited.

38. All sums payable by you may be deducted from the amount of your deposit, or recovered by attachment and sale of your property under any law for the time being in force for the recovery of arrears of Land revenue.

39. Any sums deducted by the Deputy Commissioner under the powers herein contained from the sum deposited by you as security for the due performance of the contract, shall be replaced by you within fifteen days from the date of the receipt of a notice from the Deputy Commissioner informing you of such deduction having been made.

40. You shall be bound by any additional rules which may, from time to time, be prescribed under the Excise laws now in force, or which may hereafter be enacted, and shall, on requisition by the Deputy Commissioner, or other officer duly authorized by the Deputy Commissioner, deliver up your license for amendment or for the issue of a fresh license accordingly.

N. B.—There may be some errors as to the particular hoblis in which the shops are situated, in which case the Deputy Commissioners will rectify the same at the time of sale.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 22nd February 1892.

NOTIFICATION.

No. 452, *dated* 22*nd February* 1892.

1. Notice is hereby given that the right of selling country spirits in each of the shops in the tracts specified in the subjoined schedule, for the year beginning 1st April 1892 and ending 31st March 1893, will be put up to public auction on the dates and at the places named in the said schedule, by the officers therein mentioned.

2. Each bidder at the auction will deposit a sum of Rs. 50 previous to bidding. The shops will be knocked down to the approved highest bidder above the upset price mentioned in the aforesaid schedule, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject the bid at discretion. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at his discretion.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop, shall at once deposit a sum equal to half a month's rent for that shop. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the shop will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other shop.

4. Persons to whom shops have been knocked down, and who have made deposits as provided in paras 2 and 3, shall also, within seven days from the date of the auction, deposit such further sum as, with the first and 2nd deposits, will make up an amount equal to two months' rent of each shop knocked down to them; and shall take out licenses in the appended Form A on the conditions hereinafter set forth. On the failure of any person to make the deposit, or to take out licenses as aforesaid, the shop or shops will be resold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by resale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposit will be deducted from the loss arising from the re-sale, and the remainder if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

6. The details of the existing shops are given in Appendix B.

No. 12934-42—Cir. 195, DATED BANGALORE, 14TH FEBRUARY 1892.

Government Proceedings No. 8349-60—C. 166 of the 10th October 1890, approving of proposals for printing at the Government Press, selected Judgments of the Chief Court, from 1st January 1891, thus superseding the arrangements under which the Government took 100 copies of Mr. Hayes' "Mysore Law Reports"

READ ALSO THE FOLLOWING LETTERS:—

From the Chief Judge of Mysore No. 4558—125 of the 29th September 1891, reporting that the cost, as subsequently ascertained, of compiling, printing and binding 100 copies of the "Mysore Law Reports" amounts to Rs. 1,612-0-0, whereas the amount paid to Mr. Hayes for the same number of copies was only Rs. 1,200-0-0, and suggesting that the orders of 10th October 1890 may be held in abeyance for the present.

Letter No. 473—18 of the 1st February 1892 from the Registrar, Chief Court, reporting in reply to a reference from this Office, that the estimate on which the orders of 10th October 1890 were passed, provided for printing only 300 pages instead of from 5 to 600, and that it did not provide for binding and extra establishment at the Government Press and for Compilation, and adding that on the whole the cost of 100 copies of the Mysore Law Reports, if solely at Government expense, would be more than what Mr. Hayes now charges for them.

No. 13010-21—Cir. 197, DATED BANGALORE, 15TH FEBRUARY 1892.

ORDER THEREON.—As the Chief Court, in the second of the letters read above, state that the cost of printing the Law Reports by Government agency was much under-estimated in their previous communication on the subject, and that the same in reality will be higher than what Mr. Hayes charges for them, the previous arrangement under which Mr. Hayes was paid Rs. 1,200 for one hundred copies of each volume of the average size of previous reports may continue for the present.

ORDER THEREON.—In the above letter, the Deputy Commissioner reports that, under existing orders of Government, the Potgi of the Patels and Shanbhogs for the current year would have become payable now, but that the Revenue year having been extended up to the end of June, the request made by the Patels and Shanbhogs for the immediate payment of the Potgi due to them up to the end of March next, may be granted, the amount due for the remaining months of April, May and June being paid at the end of June, in order to reckon the Potgi for the next year from 1st July 1892. READ THE FOLLOWING PAPER:—

Letter N 4750. dated 26th January 1892, from the Comptroller to Mysore Government, To the Chief Secretary to the Dewan of Mysore.

With reference to Government Proceedings Camp No. 461-69, dated 1st November 1891, fixing the scale of Assistant Commissioners, &c., I have the honor to state, that since 1886, it has been the practice to apportion the pay of Assistant Commissioners between Land Revenue, Law and Justice and Police, in proportions of $\frac{2}{8}$th, $\frac{3}{8}$th and $\frac{3}{8}$th respectively, irrespective of the duties on which they have been deputed. But under the new scheme, officers appointed for Police duties form a distinct class of officers, and their pay has to be debited entirely to "Police". Similarly, the pay of the Assistant Commissioners has to be divided equally between Land Revenue and Law and Justice, according to the rule observed prior to 1886, but as 6 out of 27 Assistant Commissioners sanctioned newly are required to be employed in the Head-quarter Offices, I request to be informed whether their pay may not be distributed as follows:—

$\frac{6}{27}$ or $\frac{1}{4}$th to 13 Administration.
$\frac{10}{27}$ or $\frac{3}{8}$th to Law and Justice.
$\frac{11}{27}$ or $\frac{3}{8}$th to Land Revenue.

I beg also to be informed whether the pay of 4 Sub-Division officers might not be debited Land Revenue, Law and Justice and Police in the proportions of $\frac{2}{8}$th $\frac{3}{8}$th and $\frac{3}{8}$th as in the case of Deputy Commissioners.

No. 13150—717, DATED BANGALORE, 15TH FEBRUARY 1892.

ORDER THEREON.—The pay of all the 27 Assistant Commissioners and of the Sub-Division Officers referred to will be debited half to Law and Justice and half to Land Revenue.

To—The Comptroller to the Government of Mysore.

2. The estimates under "1 Octroi" and "VIII Rents," being based upon the probable collections of 1890-91, and those under "II Tax on houses" and "VII Mohatarfa," upon the jamabandi amounts for 1890-91, seem fair and are passed.

3. X. *Miscellaneous.*—The estimate under "(*m*) Contributions" does not include the maintenance allowance, Rs. 38, payable by the Public Works Department on account of 5 furlongs of the District Fund road * transferred to the Municipality in May 1891 and will, therefore, be raised to Rs. 1,212. A sum of Rs. 140 is entered in a lump on account of the three items specified in the margin, without the estimate under each head being given separately which should be done in future. Item 1 has to be struck out with reference to the remarks made by Government in para 27 of their Proceedings, dated 22nd April 1890, No. 906-37—15, and item 2 has to be transferred to "1 Octroi," in accordance with the Proceedings, dated 19th December 1891, No. 10150-61—908.

5. The small decrease under "II Head Office" is due to the re-distribution of the pay of the Clerk in the District Office among the several Municipalities in the District in proportion to the estimated receipts.

6. *IV. Conservancy.*—The marginal statement gives details for Rs. 6,888 provided under this head. The proposed estimate is sanctioned.

Charitable Grants.*—It is proposed to establish a Branch Dispensary at Shimoga and to appoint a separate vaccinator for the Town, and Rs. 60 and 84 respectively have been entered on account of ⅓rd cost of the former and full pay of the latter. A copy of the resolution of the District Fund Committee, explaining the necessity for opening a Branch Dispensary, should be submitted for the information and orders of Government. The provision of Rs. 60 is insufficient, as it does not include one-third cost of furniture and charge allowance to the Hospital Assistant. Pending the submission of a revised estimate, in communication with the Senior Surgeon, the estimate will be struck out, and the amount entered to meet the pay of the vaccinator will be allowed to stand.

10. *XI. Miscellaneous*—The provision for "(*d*) Rewards to dog and snake killers" has been reduced from Rs. 150 to Rs. 100. This is passed. The sum of Rs. 50 inserted under "(*h*) Other items," on account of the anticipated refund out of the imprest kept with the Amildar is disallowed for reasons stated in para 27 of the Government Proceedings, dated 22nd April 1890, No. 906-37—15.

Channagiri.

11. The estimated receipts of this Municipality for 1892-93 amount to Rs. 1,251 against Rs. 1,191, the actuals of 1890-91. They call for no particular remarks except that the sum of Rs. 25 included under "(*n*) Other items," as the anticipated refund out of the imprest money, has to be struck out for reasons assigned in para 10 above, and the estimate reduced to Rs. 306, corresponding reduction being made on the side of expenditure under "XI Miscellaneous (*k*) Other items." Similar reductions will be made in the Budgets of other Municipalities also.

13. The estimated balance in favor of the Municipality on 1st April 1892 is given as Rs. 1,892. It is not explained how this figure has been arrived at. The estimated balances of this and other Municipalities do not appear to have been correctly computed. Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 20th February 1892.

READ :—

Letter No. 966, dated 30th January 1892, from the Deputy Commissioner, Mysore District, pointing out that the Order contained in para 5 of Proceedings No. 11260-91—Cir. 175, dated 15th January 1892, directing that all bills of the Toddy Establishments shall be paid upon the joint signatures of the Excise Assistant Commissioner and Special Revenue Officer, leads to great delay in the disbursement of monthly pay to the Toddy Establishment, and requesting sanction to such payments being made upon bills signed by the Amildars.

No. 13342-53—CIR. 203, DATED BANGALORE, 20TH FEBRUARY 1892.

ORDER THEREON.—The Order referred to in the above was passed with the view of merely *enabling* the special Officers of the Toddy Department to draw pay for the establishment of that Department, as it was represented that great delay took place in paying the establishment in the ordinary way.

The object was not to restrict payment to bills drawn by the Toddy Officers alone. Para 5 of the Order under reference is modified as follows :—

"All bills of the Toddy Department and Toddy Establishments shall be paid "upon the joint signature of the Excise Assistant Commissioner and "the Special Revenue Officer, except when the Deputy Commissioner "can, with greater expedition, cause the payment of salaries to the esta- "blishments, upon bills signed by the respective Amildars."

Docket from the Deputy Commissioner of the Shimoga District, dated 16th February 1892 No. 902—883, reporting that he has already sanctioned estimates costing Rs. 200 and upwards out of the allotment of Rs. 5,000 placed at his disposal for wells from District Funds, under the authority vested in the Presidents of the District Fund Committees under Para 13 of the Subsidiary Rules framed under Government Notification, dated 4th July 1874, No. 110, and requesting instructions as to whether estimates for wells, &c., costing Rs. 200 and upwards undertaken at the cost of District Funds should be submitted to Government as in the case of those executed out of Local Funds General

No. 13426-34—L. 1355, DATED BANGALORE, 23RD FEBRUARY 1892.

ORDER THEREON.— The Deputy Commissioner is referred to the ruling of Government passed so far back as 5th February 1891 in their Proceedings No. 12700-10—267-L. 296, Para 19, which required that estimates for well works costing Rs. 200 and upwards and notifications of sanction for those costing less should be submitted to Government when they are executed by the Revenue Department at the cost of District Funds. The above ruling applies to the works for which an allotment of Rs. 5,000 was sanctioned in Proceedings, dated 4th September 1891, No. 6491-2—L. 435. The completion certificates on account of works, whether executed from District Funds or Local Funds General, have to be forwarded direct to the Comptroller as required in Para 3 of Government Proceedings, dated 7th December 1891, No. 9614-24—846.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 24th February 1892.

READ :—

Letter No. 1409 of the 14th December 1891 from the Military Secretary.

No. 13751-2—177, DATED BANGALORE, 24TH FEBRUARY 1892.

ORDER THEREON.—With the above letter, the Military Secretary submits the Budget Estimates of Government Houses in his charge for the year 1892-93.

2. On a comparison of the figures entered in the budget under reference under the head "Estimates for 1891-92" with those sanctioned in Government Proceedings No. 14602-3—185 of the 31st March 1891, the following differences occur, but these are due to certain items which were then omitted in the budget submitted by the Military Secretary but are now included in accordance with the provision made in the printed Provincial Budget :—

	Amount allotted in the Budget sanctioned in Proceedings No. 14602-3—185, dated 31st March 1891.			Amount shown in the Budget now submitted as the Estimates for 1891-92.			Difference.

Net Increase.....	...	...	...	...	...	...	1,464	0	0	...	...	...

3. No reasons have been assigned for the variations above alluded to, but as regards the Awdry House at Ootacamund, the pay of the menial servants appears to have been included. It is also not understood how the provision of Rs. 1,200 for the Establishment at the Dariya Daulat Bagh was allowed to stand in the face of the reduction ordered in para 3 of Government Proceedings No. 14602-3—185 of the 31st March 1891 in consideration of a separate budget sanctioned for the upkeep of the garden and grounds attached to the Dariya Daulat Bagh. The attention of the Military Secretary and the Comptroller is drawn to this discrepancy and they are requested to see that the provision made in the budget is in accordance with the orders of Government.

4. The increase provided in the ensuing year's budget under the following heads is disallowed, as it has not been sanctioned by Government : —

	Amount. Rs.
2. In-door Establishment.—Increase to Butler	96
7. Dewan's Office, Mysore.—Increase to Butler	96
8. Dariya Daulat Bagh	1,056

5. The provision of Rs. 1,700 against Rs. 1,000 in the current year made under the head "Improvement of Government House" has been reduced to Rs. 1,500 which will allow a sum of Rs. 200 for the purchase of seeds and plants, &c.

6. The increased provision (from Rs. 400 in the current year to Rs. 1,000 made for the repair of furniture has also been reduced to Rs. 500 as with greater care on the part of the Camp Superintendent, there should be less damage to the furniture. Such care should be strictly enforced by the Camp Superintendent and carelessness punished. A copy of this instruction should be forwarded for the information and guidance of the Camp Superintendent.

7. Pending sanction to the estimate promised by the Military Secretary for the renewal of crockery, glass, cutlery, lamps, &c., the provision of Rs. 1,500 made for the purpose in the present budget will provisionally stand at Rs. 500.

8. Deducting the sum of Rs. 2,948 above disallowed, the budget as sanctioned for Rs. 38,452 as per details noted below will be forwarded to the Comptroller:—

4. X. *Miscellaneous.*—If the estimate under (*d*) Pounds (Rs. 100), which is less than the actuals of 1890-91 by Rs. 8, does not include the feeding charges of the impounded cattle, the amount needed for feeding should be reported, in view to the estimate being raised. A lump sum, Rs 317, is entered as the contribution expected from the Public Works Department for the maintenance of the "Provincial" and "District Fund" roads in the town, without specifying the length of each class of road and its contribution. The omission should be supplied.

5. The opening balance on 1st April 1892 is given as Rs. 2,924, which being added to the estimated receipts, the sum available for expenditure during 1892-93 is Rs. 10,167, of which Rs. 7,621 are proposed to be expended, leaving a balance of Rs. 2,546 at the end of the year.

The estimate is approved.

13. *III. 34. The large decrease under "X. 37. The estimates under "I Octroi" and "II Tax on houses" call for no remarks.

38. The decrease under "VII Mohatarfa" is due to the fact that the estimate does not include arrears of previous years which were collected in 1890-91.

39. *VIII. Rents.*—The estimated income under this head is expected from license fees proposed to be collected from persons holding shops in the weekly market. The resolution of the Board relating to the levy of these fees should be submitted for the information and orders of Government.

40. *X. Miscellaneous.*—The increase under this head is expected chiefly from school fees. The estimate is approved.

41. Including the opening balance of Rs. 5,465, the sum available for expenditure during 1892-93 is Rs. 10,223, of which Rs. 8,888 are proposed to be expended, as shown in the margin, leaving a balance of Rs. 1,335 at the end of the year.

43. *VIII. Public Works.*—In the detailed Statement No. II, no provision is made under "(*h*) Buildings' original" while a sum of Rs. 300 is entered in the Budget Statement No. I which does not appear to have been included in the total Rs. 4,984 provided for the following works:—

(2) No. 8417-8—L. 688, dated 4th November 1891.

45. *X. Education.*—The increased provision under this head is sanctioned. It is intended to meet the pay of an additional Master on Rs. 30 per mensem. A sum of Rs. 200 has been sanctioned for "Chemical apparatus" in the budget of the current year, while in the budget for 1892-93, this has been omitted and in lieu thereof Rs. 100 are entered on account of repairs, &c. The necessity for this provision needs explanation and, pending such explanation, the provision will stand.

46. The other items do not call for special remarks.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 25th February 1892.

READ :—

Letters from the President of the Municipalities in the Tumkur District, dated 24th November 1891 and 1st and 4th February 1892, Nos. 537, 736 and 763 respectively, submitting the Budget Estimates of the several Municipalities of the District for 1892-93.

No. 13577-81—L. 1389, DATED BANGALORE, 25TH FEBRUARY 1892.

Tumkur.

ORDER THEREON.—The estimated income of this Municipality for 1892-93 amounts, as noted in the margin, to Rs. 7,618 against Rs. 7,324, the actuals of 1890-91, and Rs. 7,640, the estimate for 1891-92.

2. The estimates under all heads seem fair.

3. X. *Miscellaneous.*—The estimate under (*d*) Pounds, which is based upon the actuals of 1890-91, does not apparently include the feeding charges leviable on account of impounded cattle. The Deputy Commissioner's attention is drawn to Clause IV, Para 7 of Government Proceedings, dated 24th August 1891, No. 6227-39—429, and he is requested to furnish particulars as to charges, in view to the estimates under receipts and expenditure being raised by that amount. Similar information should also be furnished for the other Municipalities of the District.

4. *Opening Balance.*—A sum of Rs. 4,935 is entered as the probable balance in favor of the Municipality on 1st April 1892. This does not appear to be correct. Adding to the actual balance on 1st April 1891 the receipts for 1891-92 and deducting from their total the sanctioned expenditure for the year, the balance is only Rs. 269, as shown in the subjoined statement, which also exhibits the balances of the other Municipalities similarly computed :—

* Including Rs. 1,477, additional allotment sanctioned for Jogikatte.

5. Including the opening balance of Rs. 269, the sum available for expenditure by the Tumkur Municipality during 1892-93 is Rs. 7,887, while the estimated expenditure, Rs. 10,479, as shown in the margin, is in excess of the available funds by Rs. 2,592. A reduction of about Rs 4,235 has to be effected so as to maintain the usual balance of one-fourth of the annual receipts.

6. *II. Head office.*—The contribution payable by this Municipality towards the allowance of the Cler'. in the District office is Rs. 43 and not Rs. 40 as entered in the Budget. The estimate will accordingly be raised from Rs. 340 to Rs. 343.

7. *IV. Conservancy.*—The provision newly made on account of the pay of the Peon sanctioned in Government Proceedings, dated 17th November 1891, No. 8888-9—772, has increased the estimate under this head, which is sanctioned.

8. *VII. Lighting.*—The increased provision, which includes Rs. 100 on account of the purchase of 6 new lamp-posts and lanterns, is passed.

9. *VIII. Public Works.*—Owing to the insufficiency of funds, only a sum of Rs. 2,050 is allowed as shown below :—

(3.) Repairing drains	100

10. *IX. Charitable Grants.*—The increase of Rs. 4 over the sanctioned estimate for 1891-92 is an account of the pay of the Compounder of the Dispensary, sanctioned in Government Proceedings, dated 14th September 1891, No. 6808-10—489. The estimate is passed.

11. The estimated receipts of this Municipality for 1892-93 amount to Rs. 385 against Rs. 589, the actuals of 1890-91.

12. Under "X. Miscellaneous," there is a considerable reduction in the estimate, as the actuals for 1890-91 included an unexpended balance of Rs. 186. The same remark applies to estimates under this head in the other Municipalities also.

13. Including the opening balance of Rs. 176, the sum available for expenditure during 1892-93 is Rs. 561, of which Rs. 479 are proposed to be expended, leaving a balance of Rs. 82 at the end of the year.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 29th February 1892.

No. 13663-4—752, DATED BANGALORE, 29TH FEBRUARY 1892.

ORDER.—The Government have had under their consideration, for some time past, the desirability of somewhat altering the existing arrangements in regard to the Huzur Treasury of the State.

2. The Khazana Bakshi has hitherto filled two functions—namely, those of a Treasurer and a Treasury Officer. He is an officer of status among the Darbar Officers on the Head-Quarters Staff, and while recognizing it as necessary that he should always occupy this position, the Government are of opinion that he should be the Treasury Officer of the State Huzur Treasury, and that there should be under him a Treasurer, whose status should be superior to that of Treasurers in the subordinate District Treasuries.

3. The Government accordingly resolve as follows:—

(1). Mr. Virasawmi Mudaliar, the Khazana Bakshi, to be appointed Treasury Officer of the Huzur Treasury, his salary being raised to Rs. 500 per mensem. This order to have effect from the date on which Mr. Virasawmi Mudaliar relieved Mr. Srinivasacharlu of the charge of the Huzur Treasury. His present security for Rs. 50,000 will continue.

(2). Mr. T. Rayalu Chetty to be appointed as Huzur Treasurer on Rs. 100, rising to Rs 175 per mensem by annual increments of Rs. 15. He should give security for Rs. 20,000. This order to have effect from the date on which he assumed the duties of the Huzur Treasurer.

(3). The appointment of the Sheristedar of the Huzur Treasury should be abolished, the present incumbent of the office now on leave being allowed to retire.

(4). The duties of the Khazana Bakshi, as Treasury Officer, and of the Huzur Treasurer, as Treasurer, should be regulated by the rules of the Account Code.

(5). The Huzur Treasury to be subordinate to the Comptroller as other Treasuries under the rules in force. The Comptroller is responsible for seeing that the duties of this Treasury are regularly conducted in accordance with the rules, and for bringing to notice any irregularities therein.

(6). Mr. Eagles, Assistant Comptroller, to continue to perform all the duties of the Comptroller, until a separate officer is appointed as Comptroller.

(7). The Bangalore Branch of the Madras Bank to be regarded virtually as the State Reserve Treasury. As a rule, no more than Rs. 50,000 in cash or currency notes should be allowed to be kept in the Huzur Treasury, an exception to this rule being allowed only on account of small coins in course of being supplied to subordinate Treasuries or on account of remittances from, or supplies to, such Treasuries, and special care being always taken in all such exceptional cases to ensure that the Huzur Treasury balance is reduced as quickly as possible to the normal sanctioned figure of Rs. 50,000.

(8). All Government of India securities, on whatsoever account, to be deposited in the Madras Bank for safe custody. Mysore Government Debentures should be deposited in the Huzur Treasury in a separate chest under the joint lock of the Comptroller and Khazana Bakshi. The Comptroller is authorized to draw interest on such Debentures standing in the name of the Dewan.

(9). Landed property forming part of the security given by the Khazana Bakshi or the Huzur Treasurer should be secured in favor of the Dewan for the time being, by registered deeds.

(10). On the first working day in every month, the Huzur Treasury should be inspected by an Officer deputed by the Dewan. This officer should submit to the Dewan his Inspection report in the prescribed form. In the absence of such special deputation by the Dewan, the inspection shall be done and be duly reported by the Comptroller.

(11). Eventually the whole of the Stamp Department should devolve upon the Khazana Bakshi. But, pending the issue of rules upon the subject, the present arrangement, under which the Comptroller is the Superintendent and the Khazana Bakshi is the Deputy Superintendent, will continue in force.

(12). In regard to the manner in which the account of the Dewan of Mysore with the Madras Bank (both the Bangalore Branch and the Madras Head Office), as well as with Messrs. Coutts and Co., London, is to be operated upon for State purposes, the subjoined Rules are issued for the guidance of all concerned.

T. ANANDA ROW,
Chief Secretary.

To—The Comptroller.
The Treasury Officer of the State Huzur Treasury, Bangalore.

The following Rules for operating on the Dewan's account with the Bank of Madras, and with Messrs. Coutts and Co., London, have been sanctioned by His Highness the Maharaja's Government.

(2) Moneys should be withdrawn from the Branch Bank at Bangalore, only by cheques signed by the Comptroller and countersigned by the Khazana Bakshi. They shall be competent so to withdraw, by means of cheques, specie to any amount (*a*) for the use of the Huzur and other Treasuries within the State, in either which case, the specie shall be brought into the Huzur Treasury in the first instance, or (*b*) for payment into the Resident's Treasury at Bangalore, in which case, the specie shall be paid into the Resident's Treasury.

(3) For all other withdrawals from the Branch Bank at Bangalore, the Comptroller and the Khazana Bakshi are authorized to draw cheques up to a limit of Rs. 10,000 in any one week from a Monday to the following Saturday (both days inclusive) No cheques shall be issued beyond the above mentioned limit without the written sanction of the Dewan recorded upon such cheques.

(4) The purpose for which a cheque is drawn should be specified in the advice given to the Bank. Printed advice in the form (No. 1) appended should be used with serial numbers and counterfoils, the duplicate counterfoils being submitted to the Dewan for information, from time to time as issued.

(5) The Madras Bank have kindly consented to have the Pass Book written up and returned to the Comptroller once every week, and at the same time to send to the Dewan an extract of the same, weekly, showing the balance on hand. The Khazana Bakshi should also submit to the Dewan, weekly, the balance according to the Treasury Cash Register, together with explanation of the difference, if any, between the Branch Bank Pass Book and Treasury Cash Register.

II.—The Dewan's account with the Madras Head Office of the Bank of Madras.

(1) Requisitions for withdrawing money from this account shall always be by means of printed letter in the appended form (No. II), the duplicate counterfoils of which should be submitted to the Dewan, from time to time as issued.

(2) Transfers from this account to the credit of the Dewan's account at the Branch Madras Bank at Bangalore may be made to any extent upon the requisitions signed by the Comptroller.

(3) In all other cases, the requisitions shall be signed by the Comptroller and Khazana Bakshi, and when a limit of Rs. 10,000 is exceeded in any one week from a Monday to the following Saturday (both inclusive), the requisitions concerning such excess shall also bear the Dewan's sanction in writing.

(4) When any requisition is for payment of a bill at the Head Office of the Bank, such bill duly passed for such payment shall be attached in original to such requisition.

(5) In every case, the purpose for which a requisition is made shall be specified in the margin of the same.

(6) The Madras Bank have kindly consented to send to the Comptroller a monthly statement of account, which will be submitted to the Dewan for inspection monthly.

III.—Mysore Royalty Account with Messrs. Coutts & Co.

(1) The fixed periodical payments now in force will continue. A list of the same should be furnished to the Dewan, and additions to it will be under the Dewan's sanction in writing.

(2) On the requisitions of Heads of Government Departments, the Comptroller is authorized, by means of requisitions, to instruct Messrs. The

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 29th February 1892.

No. 13598-600}—L. 1391, DATED BANGALORE, 29TH FEBRUARY 1892.

ORDER.—In 1890 the Government favorably entertained a proposal made by the President of the Bangalore Municipality with the advice of the Senior Surgeon, for the establishment of a Dispensary in the Pettah for women and children. Arrangements were then made to fit up a portion of the Taluk Cutcherry for the purpose and the required medical stores and furniture were provided. The appointment of Miss Ayachammal, L. M. S., as Lady Doctor for charge of the Institution was recommended, but owing to certain reasons, the proposed scheme was not at the time finally carried out. The Government are now satisfied that the establishment in the Pettah of a Dispensary for the special treatment of women and children is a measure which should not be longer delayed. Such a Dispensary is now sanctioned; the cost of it will be defrayed from the City Municipal Funds as was proposed in 1890. The Municipality are at present not able to pay the salary of the Lady Doctor, and it is desirable that for purpose of promotion and status, she should be on the regular establishment; the Government therefore resolve to appoint Miss Ayachammal as Assistant Surgeon of the 3rd Grade. She will be borne on the Medical Establishment of the State, but will be lent to the Municipality for charge of the proposed Dispensary for women and children. It will be a part of her duty not only to give medical aid to women and children, but also to others that may apply at the Dispensary, not only to those who are able to come to the Dispensary, but also to women and children in their own homes, when they are unable to attend the Dispensary.

2. The portion of the Taluk Cutcherry premises where the Dispensary is now to be held is not particularly suitable for the purpose, and the President of the Municipality should take steps to provide a better place as soon as possible. Probably the old Barrack Hospital in the Fort, if sufficiently central, could accommodate both the Female Dispensary and what is now known as the Fort Dispensary and both can then be under one management. This point should receive the attention of the Senior Surgeon and the Municipal President in due course.

3. The appointment of Miss A. Wells also as Assistant Surgeon of the 3rd Grade is approved for charge of the Maternity Hospital and application for permission to appoint her has been made to the Government of India, as she is of European parentage.

4. The appointment of two Lady Doctors as above will amply provide for all the medical requirements of the Bangalore City for treatment of women and children.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 29th February 1892.

READ:—

Report on the Police Administration of the Mysore Province for the year 1890.

No. 11103—1296, DATED 29TH FEBRUARY 1892.

REVIEW THEREON.—The delay in the submission of the Report is attributed by the Inspector General partly to the non-receipt, within the prescribed time, of reports and returns from the Districts and partly to the paucity of hands in his office. The application for the increase of the office establishment of the Inspector General is under the consideration of Government. The attention of the Deputy Commissioners will be drawn to the standing orders and the punctual submission of the annual reports and returns insisted upon in future.

2. Exclusive of the Municipal Police, the actual strength of the District Police, as it stood at the end of the year was 4,351, which was less than the sanctioned scale by 124. The Mysore Town Police was, during the year, strengthened by 5 officers and 55 men, the Municipal Police, Chikmagalur, by 1 officer and 3 men and the Railway Police, by 18 men. There was thus an addition to the Police Force of 6 officers and 76 men in all, costing yearly Rs. 7,464.

3. The number of officers and men specially employed in the Kolar Gold Fields was 36, costing Rs. 531 a month. The Special Reserve Force, stationed at Bangalore and Shimoga, consists of 5 officers and 79 men, costing Rs. 11,424 per annum. The report is silent as to how the services of this Force were utilised. The total strength of the District Reserve Force was 265.

4. The total cost of the General Police, including the establishment of the Inspector General and District Police offices defrayed out of Provincial Funds, was Rs. 6,28,290 as against Rs. 5,68, 356 of the previous year.

5. Bangalore and Mysore are the only Municipal Towns which have a separate force of their own, and the cost thereof is at present borne by the Provincial Funds. The strength of the Police Force maintained by the other Municipalities is 8 officers and 109 men and the Municipal contributions amount to Rs. 12,875. Mr. Ricketts urges that all the Municipalities in the Province should be relieved of charges of maintaining the police, both on the score of convenience and in the interests of the Police administration. The matter is under the consideration of the Government.

6. The Inspector General brings to notice the difficulty of finding suitable men for lower grades in the service, especially in the Malnad part of the Province, and suggests that the scale of pay should be revised, so as to attract competent men and induce them to remain in the service after once entering it. This should form the subject of a separate communication.

7. In para 16 of the Report, showing the different castes in the force, the percentages of Brahmins, other Hindus and Muhammadans employed in the Police Force are given, but no allusion is made to Europeans, Eurasians and Native Christians or others in the service. According to Statement G, there were, among officers, 8 Eurasians and 14 Native Christians, and, among men, 39 Native Christians. It is not known under what head these are included.

8. The return of departmental punishments shows that the number of officers and men dismissed has somewhat increased, while the number of degradations and suspensions has decreased. There was a considerable increase in the number of persons subjected to forfeiture of pay, namely, 13 officers and 753 men as against 2 officers and 405 men in the previous year.

9. The number of men punished judicially has decreased, while the number rewarded by promotion or money has increased. Great disparity is, however, noticeable in different Districts as regards the number so rewarded.

10. It is satisfactory to note that nearly all the officers and 44·6 per cent of the men employed in the Police Force were literate.

11. Adverting to Mr. Ricketts' remarks in para 28 of his Report, Government observe that the improvement of the Village Police can only be gradually effected. The question of adequately remunerating village servants, for performance of Police duties, does not admit of easy solution and must, therefore, be reserved for separate consideration.

12. In connection with the preventive jurisdiction, 44 persons as against 45 in the previous year were arrested in view to security for good behaviour being taken from them, of whom 37 were convicted and 7 discharged, as against 20 and 25 in the previous year. The fewer number discharged shows that greater care has been shown in making arrests; but, as remarked by the Inspector General, the importance of putting in force the provisions of Chapter VIII of the Criminal Procedure Code and thereby effectually preventing the commission of crimes by men of bad repute, does not appear to have been sufficiently realized in all the Districts. It is only in the Districts of Kolar, Chitaldroog and the Town of Bangalore that some attempt to enforce the provisions of the said chapter appears to have been made.

13. No organized crime of any kind has been committed during the year, which indicates the careful watch and ward kept by the Police over criminal gangs.

14. Five thousand and fourteen crimes were reported against 5,132 in the previous year, of which, 533 and 892 were serious offences against person and property, as compared with 574 and 958 respectively in 1889.

The number of murders increased from 45 to 51, while as to cases of attempt to murder and culpable homicide, there has been a falling off, from 35 to 26. Dacoities and robberies also declined considerably, being 93 against 132 in 1889. Cases of house-breaking remained much the same as in the year previous, being 717 against 729 in the previous year. The number of thefts of cattle was the same in both the years, *viz.*, 131, while, as to ordinary thefts, there has been no material variation, the number having fallen from 2,061 in 1889 to 2,016.

15. Six thousand and forty-three cases were dealt with by the Police, of which no less than 46·1 per cent were struck off. The number investigated by the Police was 2,028 or 33·5 per cent of the total number, as against 35·1 in the previous year. The proportion of conviction to true cases investigated by the Police was 97·8 against 91·8 per cent in the previous year, while that of conviction to cases reported and pending was almost the same in both the years, namely, 32·8 per cent.

16. Four thousand seven hundred and forty-two persons against 4,519 in the year previous were arrested, of whom 3,099 or about 65 per cent were convicted. The rest were either discharged, acquitted or otherwise disposed of. The largest number of arrests, namely 780, is shown against the Bangalore Town and the least, namely 157, against the Mysore Town Police.

17. The value of property lost during the year was Rs. 76,315 or 3,469 more than in the previous year and the amount recovered was Rs. 39,508 against 23,988, which is 51·7 per cent of the amount lost.

18. There were 57 cases of murder for disposal, of which convictions were secured in only 13 or 22·3 per cent. Ninety-six persons were arrested in connection with these cases, of whom only 13 or 13·5 per cent of the total number were convicted. The results compare unfavorably with those of the previous year.

19. The results in cases of culpable homicide are also unsatisfactory. Out of 26 cases and 39 persons arrested in connection therewith, only 9 cases with 9 persons ended in conviction.

20. No cases of dacoity occurred in the Districts of Bangalore and Tumkur. Out of 35 cases reported, 30 were found to be true, but, in only one case in the Kolar District, were the culprits, 5 in number, successfully prosecuted to conviction. The percentage of conviction fell from 18·9 to 3·3 as regards cases, and from 31·4 to 19·2 as regards persons. Out of a total of Rs. 2,626 reported as lost from dacoities, only 184 or 7 per cent was recovered against 25·8 per cent in the previous year. Mysore and Chitaldroog are the only Districts, in which any of the stolen property has been recovered.

21. Out of 94 cases of robbery reported and pending, 60 were struck off the file, and, in the remaining 34 cases involving 34 persons, only 17 were convicted. The value of the property lost, increased from 1,030 in 1889 to 1,616, and the recovery fell from 205 to 153 (19·9 to 9·4 per cent).

22. The number of non-cognizable cases investigated by the Police was 528. Five hundred and ninety-six persons were arrested or summoned, nearly half of whom belonged to the Mysore Town. Of these, 235 cases affecting 467 persons ended in conviction, and the rest were discharged or otherwise disposed of.

23. There were 214 suicides and 1,254 accidental deaths against 232 and 1,283 respectively in 1889, of which nearly two-thirds were, in both cases, by drowning.

24. Government notice with regret that, in the department of detection, the results achieved by the Police should have been so poor, and the Inspector General attributes them partly to the existing system, under which the Amildar as well as the Inspector of a Taluk are held jointly responsible, partly to the manner in which prosecutions are being conducted in Sessions Courts and partly to want of sufficient knowledge of the law of informers. The Inspector General further deprecates the present system of carrying on all correspondence with Police officers through the Deputy Commissioner and the Amildar.

25. Almost all the points urged above formed the subject of separate correspondence and the Government have, since the submission of the report under review, sanctioned, with certain modifications the proposals submitted by the Inspector General which it is hoped will effect great improvements in this branch of the administration and tend to a more watchful and intelligent action on the part of Police officers, whose important functions are ancillary to the final distribution of justice.

26. The thanks of Government are due to Mr. Ricketts for the zeal and ability with which he has supervised the operations of his Department and for his exertions to still further improve the Police administration of the Province.

Chief Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 4th February 1892.

READ:—

The following Extract from a Memorandum by the Deputy Commissioner, Bangalore District, dated 13th January 1892.

There are no marked signs of distress in Bangalore. There is no perceptible increase in the beggar population. The prices are steady and have stood at 13 to 14 seers of ragi per rupee and 7 to 8 seers of rice for the past one month. The markets are well supplied. Latterly, there has been a check in the exportation of ragi. There is work for the laboring population in the City. It is proposed to start the marginally noted works to improve the water-supply and sanitation of the City. Nearly 800 sites have been marked on the western extension, and these will be eagerly taken up by the people who are now hard up for house accommodation.

No. D. 135, DATED BANGALORE, 4TH FEBRUARY 1892.

ORDER THEREON.—The Deputy Commissioner of Bangalore, in his Note of the 13th January 1892, proposes certain works in the Bangalore City for execution in the present season.

2. Of these works, the "Improvement of the Dharmambudhi Feeder" has already been transferred to the Public Works Department, and the "Deepening of the Dharmambudhi Tank bed" should be deferred, as it would clash with the proposed scheme of water-supply to the City.

3. The other works proposed (as per appended list) are approved, but the estimates for some of them appear to be excessive. All these estimates should be thoroughly scrutinized by the Executive Engineer of the Bangalore Division and submitted for sanction in due course. The Chief Engineer will be requested to direct Mr. Scaldwell to give his special attention to them.

READ THE FOLLOWING PAPER :—

From the Director of Statistics and Agriculture in Mysore, To the Chief Secretary to the Government of Mysore, No. 747, dated 8th February 1892.

I have the honor to suggest, in view to popularizing the use of prickly pear as fodder for cattle, that Deputy Commissioners of affected Districts and in which there is a large growth of the plant may be instructed to employ coolies paid from relief funds, within certain limits, to prepare the prickly pear leaves for fodder, in accordance with directions already issued and to distribute the same gratuitously to such owners of cattle as may be willing to avail themselves of it. It will be best to have this done under the personal superintendence of the Taluk Officers, the object being to overcome the prejudice which raiyats generally entertain against the use of prickly pear in whatever form as cattle food, to demonstrate the mode of preparing the leaves for fodder, and generally to impress upon them the advantage that will be gained in times of scarcity by supplementing available stocks of straw with fodder thus prepared.

No. D. 145, DATED BANGALORE, 13TH FEBRUARY 1892.

ORDER THEREON.—This operation, as a relief measure, is not yet necessary, but the Deputy Commissioners will note the suggestion as indicative of a useful future Relief work.

ORDER.—Some inconvenience has been felt by the Dewan by Deputy Commissioners of Districts not following a uniform system in preparing the Condition Reports prescribed by Order No. D. 47, dated 24th December 1891. Some Deputy Commissioners send merely the Diaries of their daily doings, while some write long reports in Demi-Official form. It is difficult to deal officially with reports so submitted. All Deputy Commissioners are therefore requested to strictly follow the instructions given in Proceedings No. D. 47 referred to above.

2. The Condition Reports should, in future, be submitted once a fortnight, and be prepared with great accuracy under the personal direction of the Deputy Commissioner. Officers in charge of Sub-Divisions should submit similar reports (written on half margin) to their respective Deputy Commissioners, who will record any remarks of their own on such reports and submit them to this Office. The Deputy Commissioner's report should be inclusive of the Sub-Division, notwithstanding the separate report of the Sub-Division Officer.

3. The Condition Reports should be brief and concise and contain accurate and definite information. Too much care cannot be bestowed in avoiding prolixity. They should be on foolscap paper and written on half margin.

4. The *Diaries* of the Deputy Commissioners and of their Assistants were never called for, and are not required by this Office.

5. The Dewan will be very happy to receive Demi-Official letters from officers when there is any special reason for adopting this method of communication. But such Demi-Officials should be confined to matters which cannot well be included in official correspondence.

From the Deputy Commissioner, Tumkur District, To the Chief Secretary to the Government of Mysore, No. 705, dated Camp Huliyurdurga, 27th January 1892

With reference to Government Order No. D. 96 of the 21st instant, enquiring if there is sufficient Tangadi shrub in the District for the purpose of employing the Holeyas and Madigas in collecting the bark and paying them for their labor as a sort of relief work, I beg to state that generally there is not much tangadi in all the Taluks of this District. It is however to be found more plentifully in the Northern Taluks. For the present, a sum of Rs. 1,000 may be sanctioned for the whole District. Rates, according to local circumstances, will be fixed per maund of the bark, and payments made accordingly as the article is brought and delivered to the Patels. The Patels will send to the Taluk Cutcherry every month the bark bought by them. There it may be sold by public auction, so that the dealers in the bark may buy it. This will prevent the dealers (who now obtain licenses for the collection of the bark and get the collection done by these very Madigas and Holayas) from beating down their wages to the minimum figure. Government will not, I think, lose by this. The rate that we may fix may be about ½ anna more per maund than what the licensees now pay these men.

No. D. 154, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER THEREON.—The sum of Rs. 1,000 asked for is sanctioned.

Letter No. 2944—256, dated 27th January 1892, from the Inspector General of Forests and Plantations, proposing the construction of drinking water wells near State Forests and Plantations.

No. D. 165, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER THEREON.—The Government will not object to the construction of a few drinking water wells as proposed, but the cost should not, in any case, exceed Rs. 250. Due regard should also be paid to the considerations stated in the Order of this date sanctioning certain wells near Police Stations. The Inspector General is requested to apply in due course for the sanction of the Government for the amount required, stating from what particular items of the Forest Budget the same can be met.

Letter No. 2863—327, dated 25th January 1892, from the Inspector General of Police, requesting that a sum of Rs. 2,640 be placed at the disposal of the Deputy Commissioner of Chitaldroog, for constructing drinking water wells at certain Police Stations and Out-posts in that District.

Letter No. 2953—335, dated 4th February 1892, from the Inspector General of Police, requesting that a sum of Rs. 4,946 be placed at the disposal of the Deputy Commissioner of Bangalore, and another sum of Rs. 900 at the disposal of the Deputy Commissioner of Shimoga, for sinking drinking water wells at certain Police Stations in those Districts.

No. D. 164, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER THEREON.—It is observed that the estimates for some of the wells named in the lists submitted with the above, are high. It is not known whether any of these wells have to be sunk through rock or whether stone facing is provided for them. Stone facing is an expensive item which should not be resorted to except in cases of undoubted permanent *public* utility, both from the situation of the well as regards roads and villages and from the ample character of the springs obtained. Where there is doubt upon these points and the sides of the well require to be supported, pot rings at a small cost will serve all purposes.

2. With the foregoing remarks, the amounts specified in the letters above read, as noted on the margin, are placed at the disposal of the Deputy Commissioners concerned.

READ:—

The following Memorandum submitted by the Deputy Commissioner, Kolar District, with his No. 3118—751, dated 10th February 1892, explaining the principles adopted in carrying out Relief Works in that District:—

1. *Tank Works.*—Tanks selected for Relief Works to be within easy distances from the respective villages, to admit of the coolies returning to their homes in the evening after the day's work is over.

2. The day laborers are to work from 8 A. M. to 6 P. M., being allowed rest for a couple of hours in the day. Payment to coolies to be made at 6 P. M. daily. In places where there are no weekly markets or where grain cannot easily be had, the officers in charge of the works should obtain grain and pay the coolies partly in kind and partly in money.

3. The system of giving out the work partly on contract not to be allowed: the object of Relief Works being to afford employment to all the laboring poor and pay them just as much as is sufficient for daily sustenance.

4. Task work system to be enforced wherever possible, a relaxation of this rule being allowed only when the laborers are unfit for such work by reason of old age, infirmity, &c.

5. Able-bodied coolies to be formed into batches each consisting of 3 men, 4 or 5 women and 1 or 2 boys or girls.

6. Wages to be paid as follows:—

	Rs.	A.	P.
Man cooly	0	2	4
Woman cooly	0	1	6
Boy or girl	0	1	0

7. Each batch employed as above is to dig out daily a pit 4 yards long, 2 yards wide and 1 yard deep, and throw the earth on the bund of the tank so that the Government may secure 8 cubic yards of earth work at a cost varying from 14 annas 6 pie to a Rupee, according to the bad nature of soil in the bed of the tank. No restriction of time is placed on batches so employed: they being only required to complete the pit.

8. The old and young not able to dig should be employed in breaking clods of earth thrown on the bund and levelling the same.

9. Every laborer in need of work should be employed according to his capability, and none should be refused admittance except those wilfully idle.

10. No cooly to be refused payment for slight deficiency of work from reasonable causes.

11. Patels to be in charge of the Relief Works of their respective villages, and to keep a nominal roll in the accompanying form of the coolies employed on the works, sending a daily abstract thereof to the Taluk Cutcherry. They are to be paid a monthly remuneration for their services equal in amount to $\frac{1}{12}$ part of the annual Potigi sanctioned for them, unless they prefer to work without any such remuneration, and if being illiterate, or from any other cause, they need help in keeping the accounts, the Village Shanbhog or some other poor man should be employed to assist them in the matter, receiving annas 3 per day for his labor.

12. Each Amildar and Deputy Amildar to submit a weekly report to this office showing the progress of work done to each tank in his Taluk or Sub-Taluk.

13. Patels in charge of Relief Works to be given a monthly contingent allowance not exceeding 1 rupee to enable them to meet their stationery expenses.

14. *Miscellaneous Relief Works.*—Impecunious Totis, Talwars and Niragantis standing in need of Government help, to be employed in removing prickly pear and clearing jungle on the slopes of tank bunds, and to be paid wages as follows:—

	Rs.	A.	P.
Man	0	2	3
Woman	0	1	6

In places where the above kind of work cannot be found for these village servants, they should be employed on sanitary works, such as removing noisome vegetation, filling in unwholesome pits, removing ruined walls, and levelling the ground and filling in ruts, &c., on the roads in and around the villages.

15. Agriculturists in need of work may also be employed in the cultivation, by Amani, of quick growing crops in the beds of tanks by means of water lifted up from wells dug for the purpose. These works may be carried out as Relief Works for the benefit of the above class of people, who may be paid wages at the same rates as those on tank works.

16. Holyars, Madigars and other low classes of people in poor circumstances, to be employed in the collection of Tangadi bark on Government waste lands, and to be paid wages at the rates allowed by license-holders for the bark Totas, Talwars and Nuagantis, may also be employed on this work in preference to sanitary works till further orders.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 16th February 1892.

No. D. 168, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER THEREON.—The provision in para 2 of the foregoing Memo for payment of wages, partly in grain and partly in money, is very difficult to carry out, and the Dewan seriously doubts whether it is now required anywhere. If the Deputy Commissioner thinks it is actually required in any particular place, he should, at once, report the full details.

2. The procedure as described in paras 4 to 12 has already been approved by the Dewan, after personal inspection of the way in which it was being practically carried out in the Kolar District.

3. The fortnightly returns of the progress of Relief Works should show the expenditure on works described in paras 14, 15 and 16 of the Memorandum above cited.

OFFICE OF THE DEWAN OF MYSORE,
Dated Bangalore, 18th February 1892.

From

L. ANANTASWAMI RAO, Esq.,
Under-Secretary to the Dewan.

To

C. MADIAH, Esq.,
Deputy Commissioner, Kolar District.

SIR,

With reference to your letter No. 2983—718, dated 2nd instant, asking for an advance of Rs. 20,000 for the relief of Weavers in Kolar town, I am directed to state that in your proposed scheme you have omitted the cardinal point of the scheme for the relief of this class of people, sanctioned in the order of Government No. D. 81, dated 14th January 1892. The salient point in that policy is to enlist the personal sympathy and services of local sahukars of respectability, who are to take an interest in the protection of this class of artisans, and be responsible to Government for the sale of the cloths at the price at which the Government now buys them.

2. You say in your letter that the cloths will be purchased by Government at Rs. 4 apiece, but what guarantee is there that Government will get that price when the articles are sold by them to the public?

3. In the scheme relating to the Bangalore District, which has been recommended for adoption in other Districts by order No. D. 81, dated 14th January 1892, the co-operation of respectable merchants has been ensured by the promise of a small commission to them so that the cloths, though *now* purchased at Government cost, will not entail any loss upon Government by their sale in future. This is the point to which you must direct your attention in carrying out the proposed scheme for the relief of Weavers, and I am to request you to report whether the scheme, as above explained, can be carried out in its integrity in the town of Kolar.

4. In working the details of the scheme in the Bangalore District, several difficulties have arisen. Some "samjaish" and tact have been required in bringing round the sahukars to hold to their promise, but the scheme on the whole is working satisfactorily there. You may correspond with the officers of that District in regard to the details of the scheme.

5. The Dewan has no objection to your advancing Rs. 5 to each indigent weaver if you consider it absolutely necessary to do so, but it should be remembered that the money should be eventually recovered.

6. With the above remarks, an immediate advance of Rs. 10,000 will be placed at your disposal, to be prudently and carefully disbursed at your discretion. I am also to convey sanction for Rs. 100 for wooden racks and for the entertainment, temporarily for a period of five months, of the establishment noted on the margin, aggregating Rs. 21 per mensem.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 18th February 1892.

No. D. 170, DATED BANGALORE, 18TH FEBRUARY 1892.

ORDER.—Programmes of Relief Works to be executed by the Revenue Officers chiefly restoration and improvement of tanks, have been sanctioned by Government from time to time for some of the affected Districts. In executing such a sanctioned programme of works, the Deputy Commissioner should frame estimates for all the works, sanction such of them as may be below Rs. 500 and obtain the sanction of the Government for those which may be above that amount. A list of all the estimates so prepared and sanctioned (by the Deputy Commissioner and by the Government) and their total amount, should be submitted to this office for information with the fortnightly Condition Report ordered in Proceedings No. D. 152, dated 16th February 1892. If all the sanctioned estimates make up a total larger than what has already been placed at the Deputy Commissioner's disposal by the order sanctioning the programme, or by subsequent orders, the Deputy Commissioner should at once apply for the larger amount required.

2. The object of these programmes which, in the Tumkur and Chitaldroog Districts, the Dewan himself got prepared under his own personal direction, having due regard to the distance of the works to the villages which they had to serve, is to place in the hands of each Deputy Commissioner an approved list of works, any of which may be started by him at a moment's notice, when the necessity arises. The amount sanctioned for each District programme must however be regarded as in the nature of a Budget provision, and regular estimates should be prepared for all the works and sanction given or obtained in the manner directed above.

3. The Deputy Commissioners of the Districts for which such programmes of works have not been submitted should submit them without further delay.

4. The orders as above should be applied to drinking water wells and other works for which funds have been, or may hereafter be, placed at the Deputy Commissioner's disposal.

Report on the condition of the Chitaldroog District for the week ending 6th February 1892, received with the Deputy Commissioner's docket Camp No. 34, dated 11th idem.

No. D. 178, DATED BANGALORE, 19TH FEBRUARY 1892.

ORDER THEREON.—It is reported that on 6 out of the 7 Relief Works in progress in the Hiriyur Taluk, no coolies came to work, and that, in the opinion of the Amildar, this was due to the coolies being able to get higher wages elsewhere. The Deputy Commissioner observes that on all the Relief Works going on in his District, it is a general complaint of the coolies that the wages offered, namely, 2 annas for an adult male and 1 anna 4 pies for a female, are insufficient.

2. Under the order issued in No. D. 26, dated 12th December 1891, the Deputy Commissioner is given the discretion to fix such rates of wages as are fair and reasonable, having regard to the prevailing prices, and he is requested to report why he did not increase the rates if he found that the complaint that they were low, was well founded.

3. The Deputy Commissioner's attention is drawn to Section 185 of the Madras Famine Code, wherein the following rates are prescribed :—

	First Class.	Second Class.	Third Class.
Men including boys above 12 years and nursing mothers ...	Value of 1¼ lb. of grain + 1¼ anna.	Value of 1¼ lb. of grain + 1 anna.	Value of 1¼ lb. of grain + ¾ anna.
Women including girls above 12 years	Value of 1¼ lb. of grain + 1 anna.	Value of 1¼ lb. of grain + ¾ anna.	Value of 1¼ lb. of grain + ½ anna.
Working children below 12 years ...	Value of ¾ lb. of grain + ¾ anna.	Value of ¾ lb. of grain + ½ anna.	Value of ¾ lb. of grain + ⅜ anna.

4. The above rates, if converted into money, will give a good idea as to what the wages should be on works on which the villagers are employed in the immediate vicinity of their own homes. The men, women and children at present all come under the first class, it is believed, and taking the price of Ragi at 16 seers the rupee, the wages at the above rates amount, for a man to 2 annas 2 pies, for a woman to 1 anna 6⅔ pies. The Deputy Commissioner should adopt the Madras scale for general guidance and fix the rates accordingly, for the time being at any rate. For instance, he should now give 2 annas 3 pies to a man and 1½ annas to a woman. It must not be expected that these rates will be popular with the professional coolies who find work on the ordinary Public Works, but these village works are not intended to attract them.

5. It should also be borne in mind that in Section 187 of the Madras Code it is explained that the gram meant is the grain of medium quality and of the description in ordinary use at the time of payment, and that the price to be taken is the retail price of the grain, ruling at the Kasaba of the Taluk during the previous week, or it may be added, at the nearest *Santé*.

Diary (of which an abstract is given below) of Mr. B. G. Krishnaiengar, Special Assistant Commissioner for making advances for Irrigation wells, for the fortnight ending the 6th February 1892, received with letter No. 837, dated 14th idem, from the Deputy Commissioner, Tumkur District:—

ABSTRACT.

Wells inspected in about 58 villages. Loans granted 38, of which 34 were in the Maddagiri Taluk, including the Koratagere Sub-Taluk, and 3 in the Tumkur Taluk, and 1 was in the Pavagada Taluk.

2. Amount of loans sanctioned Rs. 7,630. First instalment paid Rs. 4,097-8-0.

3. The Special Assistant Commissioner refused loan for a well which was too close to a *Talparige*, channel as the raiyats in a body objected to it.

4. He observes that "Gerse bhavis," differing from the ordinary kind known by that name, abound in Rampur in the Koratagere Sub-Taluk, the nature of which is to have sandy soil on the surface and up to a depth of 5 or 6 feet, then hard soil for 8 or 10 feet, and then again sand with a copious, and, it is believed, a permanent supply of water. Mr. Krishnaiengar points out that stone revetment to such wells will be of great advantage.

No. D. 179, DATED BANGALORE, 19TH FEBRUARY 1892.

ORDER.—Recorded, with the remark that loans may be given, when applied for, for the stone facing of the peculiar kind of "Gerse bhavis" or wells said to be found at Rampur in the Koratagere Sub-Taluk.

READ :—

The following memorandum, dated 7th February 1892, received from Col. C. Bowen R. E., Chief Engineer in Mysore, regarding the condition of parts of the Hassan District.

Although my present tour was undertaken altogether for the purpose of overhauling some important works which demanded my personal inspection, I did not fail to enquire everywhere into the prospects of the country, probabilities of severe scarcity and works required to give employment to the people, should acute symptoms of distress supervene.

I am happy to say that, so far as my enquiries have gone, there is no cause for alarm in the tracts I have traversed. High prices of course prevail, the out-turn of the harvested crops varies greatly, but there appear to be good stocks of food in the country. So far at all events there is no demand for work.

So far as I could learn from the Amildars and others, new parts most likely to be affected are parts of the Belur Taluk about Halebid and parts of Jamgal Hobli and Gandisi of Arsikere Taluk and Nuggihalli Hobli of Channarayapatna.

Now it so happens that on the Arekere Tank of Jamgal Hobli which has to be brought to standard of safety, I started work sometime ago to give employment to people seeking for it, sanctioning Rs. 500 for the earthwork. Up to date only *Rs. 50 worth of work done!* The job was given to the village Patel.

But of course it behoves us to be ready. The Banavar-Belur road through the Jamgal Hobli, which will become an important route by and bye, is in very bad order. I had an estimate at once prepared for properly forming and metalling the worst portions and I have sanctioned it for Rs. 10,000. This is an improvement which at the best of times I would recommend, and it traverses exactly the parts in which it is alleged work on a good scale will soon be wanted. To the west, beyond Niralge, there is a promising tank project which I ordered to be at once investigated. This with the road work and the Arekere Tank, will fully cover this affected hobli.

On the Belur side the road is in a similar bad condition and I have ordered an estimate for this also. The work of improving it ought to be taken in hand properly, distress or no distress. Near Belur I have a small useful channel project which will soon be ready.

I did not see Nuggihalli, but the road thereto from near Channarayapatna I was much dissatisfied with, when I went over it some years ago with Mr. Subbrayer.

Several parts of it can well be metalled, notably below the Jambur Tank. I have ordered an estimate at once.

Similarly, as regards the other branch road to Nuggihalli from Heresave. In Heresave Hobli work stated to be also wanted by and bye.

Probably also the line northwards from the fort at Nuggihalli, which I have never, however, seen, wants improving. The Nuggihalli Tank is also to be improved, as well as two tanks further north, so we can give lots of work in this Department in this region.

At Gandeshi, work to the Dodkere, which I have ordered, will give some employment, though not much. I ordered the necessary levels, &c. There is nothing particularly useful about here to be undertaken, but in truth nothing seems to be wanted at present. A little further south there is the Kandur Tank which in case of necessity would have been just the thing, but unfortunately I found it practically completed.

In Attikuppa Taluk nothing whatever apparently required. Should occasion arise, we have all but ready a project for restoring the Hosaholalu Tank. The waste weir of this tank was the difficult point, which I have just settled on the spot. It is a project which I would undertake in any case. I may mention here that it was quite a pleasure for me to see the Annaiyan katte. the project which has caused us so much trouble and anxiety, 4 miles east of Attikuppa, with a broad expanse of smiling green fields below it. Here is a bright example of the benefits derivable from a good new tank. What with the yield from the paddy crops now being matured below this tank which still holds a good quantity of water, and what has already been harvested, some 250 acres in all, I roughly calculated that, at present prices, there has been or will be a money addition to the country of nearly *Rs. 20,000.* This in the first year.

Nowhere did I observe any movements of the people, of cattle, or grain, though the Belur Amildar informed me there was a considerable exportation of paddy from his taluk. On the Banavar road from Belur, I saw 2 or three herds of cattle moving along, but this appeared to be the ordinary aimless wandering, for some were moving towards Belur, others maidan-wards. Traffic along all the roads was quite meagre. Many complaints of want of water, but in this respect the country I passed through is infinitely better off than Kolar. But the opportunity should not be lost for sinking new wells everywhere, or deepening old ones. Money cannot be better spent than on this, I dont care what the place.

"With reference to Government Order No. D. 145 of the 13th instant about Prickly Pear leaves being used as fodder for cattle, I have the honor to state that I made use of the leaves for my own cattle in the manner prescribed by the Director of Statistics and Agriculture and Messrs. Sabhapati Mudaliar and Co. of Bellary, obtaining from the latter sets of instruments required for the purpose. The result was most favorable. The cattle took to the leaves easily and the leaves did them no harm. I have asked all the Officers in the District to try likewise and prove to the raiyats the utility of the leaves. I have sent them all a set of the instruments. But these leaves are not plentiful in this District. The Amildars of Tumkur, Kunigal and Tiptur, and the Deputy Amildar of Huliyar, have reported that the leaves are not to be had in their Taluks in any large quantity."

Diary (of which an Abstract is given below) of Mr H. V. Nanjundaiya, Sub-Judge on Special duty, for the week ending 6th February 1892, received with docket No. 3140—754, dated 12th idem, from the Deputy Commissioner of Kolar.

ABSTRACT.

About 29 villages were inspected in the Goribidnur Taluk, and loans granted for 17 wells, amounting to Rs. 4,100. The first instalment paid was Rs. 1,355. The longest period allowed for re-payment was 20 years, and that in one case. The total amount of the applications received exceeded Rs. 20,000, and more applications were coming.

Mr. Nanjundaiya brings to notice the case of Sara wells, (springs in sandy strata). These, he says, are believed to be such as come under the limitations imposed in Government order No. D. 85, dated 19th January 1892, but when provided with stone facing, they become works of permanent utility, and as such are eligible for loans under the terms of the order. The Deputy Commissioner of Kolar is of the same opinion, and Mr. Nanjundaiya says he has been sanctioning advances for such wells of a *permanent* character.

Mr. Nanjundaiya further brings to notice the desire of the inhabitants of Mallikere for the repair of their tank which breached recently and which requires about Rs. 4,000 worth of earth-work, being taken up by the D. P. W. this year. The Deputy Commissioner says that he will address the Executive Engineer on the subject.

No. D. 193, DATED BANGALORE, 20TH FEBRUARY 1892.

ORDER THEREON.—The action of Mr. Nanjundaiya with reference to "Saru" wells is approved, as it is reported that, with stone facing, the wells would be of permanent utility and there would be no fear of the failure of springs. The order of Government referred to apply only to cases in which the *springs* are likely to fail in a very few years.

2. The desire of the inhabitants of Mallikere for the early repair of their tank has been, it is noted, referred by the Deputy Commissioner to the Executive Engineer for investigation.

The following letter from the Deputy Commissioner, Mysore District, No. 1034, dated 17th February 1892.

With reference to Government Proceedings No. D. 91, dated 19th January last, sanctioning a sum of Rs. 4,000 for advance to weavers in the District, I have the honor to state that on enquiries made of the condition of the weavers at Melkote, it was considered very necessary to help them. The Sub-Division Officer personally visited the place and held an enquiry, the results of which he reported in his letter No. 17, dated 27th January last. But as nothing was said as to the steps taken to secure the purchase of the cloths so as to prevent any loss to Government on resale, I requested the Amildar to enquire of the two brokers referred to in the Sub-Division Officer's report whether they would guarantee the Government against any loss. The Amildar has reported that Narasimshetti has refused to bind himself to make good to Government any loss incurred through him, while the other, Bairashetti has agreed to do so. I have therefore directed that a sum of Rs. 2,000 may be placed at the disposal of the Amildar of Seringapatam, out of the Rs. 2,500 allotted to the Sub-Division, for advance to Bairashetti. The conditions of the advance as approved are :—

(1.) That Bairashetti should receive the advance in instalments as required through the Head Parpattegar of the temple at Melkote.

(2.) That he should deposit the cloths purchased in a portion of the temple building under Sepoy guard.

(3.) That he should effect sales taking cloths from the temple whenever necessary.

(4.) That he should keep regular accounts of the purchase and sale of the cloths, and be prepared to produce them whenever required.

(5.) That he should reimburse to Government any loss incurred through his transactions, *i. e.*, that he should be responsible for the amount advanced and be entitled to receive profits, if any, over and above the amount of advance.

I enclose Sub-Division Officer's letter and the subsequent correspondence for reference.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Muzarayi),—dated 9th February 1892.

READ:—

The following Memorandum, dated 6th February 1892, from the Muzarayi Superintendent:—

"ALLOWANCE TO TEMPLE SERVANTS AT NANJANGUD."

"This allowance called "Paditara" is payable in kind to the temple servants. They number 234, of whom 112 are Brahmins, the remaining 122 being non-Brahmins. As per Tasdik Patti, the quantity of rice fixed for distribution is 224 seers per diem or 6,272 seers a month, and their money value is Rs. 325—6—8. Owing to the rise of prices during the past 20 years, these allowances, as was the case in the Melkoté Temple, gradually decreased, and now they get not more than half the original quantity. The present high prices due to scarcity have not yet affected these recipients and will not affect them till 31st March 1892, on which date the present contract for supply of rice to the temple at the rate of Rs. 9—13—0 per palla will terminate. But the Contractor, who sustains loss by being held to his contract rate, has, I am informed, received an assurance from the Deputy Commissioner that his loss will be made good to some extent, and subject to certain conditions from the Muzarayi Surplus Funds. But should these high rates continue even after 31st March next, which is not unlikely, extra funds to the extent of nearly Rs. 150 a month will be necessary to meet the additional cost. The only source from which this cost might be met is the income derived from the votaries of the temple, which now averages about Rs. 150 a month; but this fund is freely being drawn against by the *Shivakúta* Establishment under the orders of the local Muzarayi Officer, though contrary to standing orders on the subject. The *Shivakúta* is intended to feed only Brahmin pilgrims. If this rule is strictly adhered to, the fund assigned for it will suffice, but some of the temple servants and also others unconnected with the Institution are also allowed either cooked food or rations. Hence the additional outlay under this head. This matter will be enquired into during my inspection of the temple, which will be at no distant date. The extra sum of Rs. 150 referred to above will be required for the next six months, and it will amount to Rs. 900 in the aggregate. I would therefore request that this amount be advanced from the Provincial Revenues to be adjusted against savings of the future Temple receipts."

No. M. 459-60, DATED BANGALORE, 9TH FEBRUARY 1892.

ORDER THEREON.—Under the circumstances explained in the Memorandum above recorded, the Government are pleased to direct that the *Paditara* allowances payable to the temple servants at Nanjangud after 31st March 1892 shall be of the same quantities as are now payable to them up to that date. The excess amount required for the purpose will be given as an advance from Provincial Funds, subject to future adjustment from savings of the Temple receipts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Muzarayi),—dated 8th February 1892.

READ:—The following Memorandum, dated 12th January 1892, from the Muzarayi Superintendent of Mysore:—

"Petition of the Brahmins of Melkote complaining of the reduction of grain allowances payable to them."

———:o:———

"The grain allowances payable to the Brahmins of Melkote are of three kinds:—

I. Stalavasi allowance.

II. Bhatamanya allowance.

III. Paditara or Nityapadi allowance.

I. STALAVASI ALLOWANCE.

"The Stalavasi allowance is payable, as its name signifies, to those who have taken their permanent residence at Melkote. The Tasdik Patti dated 1st March 1819, which was finally revised in 1831 issued by H H the late Maharaja under his own signature, particularizes the quantity of rice payable, its money value, and the number of persons to whom it is to be distributed. According to it, 1,001 Brahmins are to be granted daily one-fourth seer of rice each. The total quantity thus payable per diem is 250¼ seers, and the cost per month, calculating it at the then selling rate, *viz.*, Rs. 4—2—7 per palla of 100 seers, amounted to Rs. 291—9—6. But the prices having gradually risen, the Brahmins were being given only so much quantity of rice as could be got for the original money allotment. Even in prosperous seasons, during the last two decades, the price of rice did not fall below Rs. 8 per palla, which was nearly double the rate at which the price was fixed in the Tasdik Patti, and the consequence was the recipients obtained only half the original quantity. It was at this reduced rate they got their allowances last year. But during the last two months, prices having risen still higher, *viz.*, Rs. 15 per palla, the quantity of rice allowance was further reduced, *viz.*, to one-fourth the original quantity; that is, instead of each man getting one-fourth seer of rice, the sanctioned rate, he now gets only one-sixteenth of a seer.

2. In this connection I must bring to the notice of the Dewan, the irregular practice now prevailing in the matter of the distribution of rice. H. H. the late Maharaja in his Tasdik Patti distinctly lays down that this allowance is to be given only to those who actually reside at Melkote and forbids payment to the absent men, and this restriction is repeated in the order issued on the subject, in 1860, by the late Sir Mark Cubbon. His order even goes to the length of saying that at the time of the daily distribution of rice, there ought to be a "Jadthi" or roll-call. This wholesome provision is, it is understood, systematically ignored. There are 253 Brahmins who do not reside at Melkote at present, and yet obtain their rice allowances through their agents. What is more surprising is that, in some cases, the rice allowances were even converted into money, and cash payment was made to the absent members at Seringapatam Taluk Treasury. This is much to be regretted. The reason for the restriction imposed by H. H. the late Maharaja, that the distribution of rice should be confined to only such as permanently reside in the village, is, so far as I was able to gather from the tenor of his Sannads and Orders, and from enquiries instituted, that, if absent members were allowed to draw their rice allowances, the village which is on the top of rocky hills, will become gradually deserted, and the temple will again be encroached upon by the surrounding jungles, from which it was, according to tradition, reclaimed by Ramanuja—that great Reformer who, from a catholic spirit, threw open this famous Brahmin temple, for certain season of the year, even to Pariahs—that unfortunately much degraded class, —in view to demonstrate practically to the people that social and caste distinctions are out of place in the House of God.

3. I would not recommend the sudden discontinuance of rice allowance to absent members; but would first publish a notice in the village, with the approval of Government, to the effect that, unless the absent members would conform to the condition of the grant as to the residence in the village within three months from the date of the publication of the notice, their allowances will cease.

II. BHATAMANYA.

4. This class of recipients consists of 200 Brahmins, each receiving daily ¼ seer of cooked rice, amounting to 50 seers a day. In addition to this allowance in kind, they were also given each an annual cash allowance of Rs. 3—10—0 amounting to 250 Pagodas annually which is equal to Rs. 737—13—10. There is a condition of service attached to this grant which being that the recipients have to be present in the temple at the time of the performance of "Mangalarati" and recite Vedas at the time of worship. But since the year 1855, the cash payments ceased to the majority of them and during the late Inam Settlement these cash payments were confirmed only to 14 persons as life

grants; but the rice allowance remains undisturbed and is being continued up to date without interruption. The discontinuance of cash allowance from 1855 effected an annual saving out of the temple Tasdik amount to the extent of Rs. 150 and the total saving up to date amounts to Rs. 5,250 which is in the hands of Government. Of the recipients belonging to this class, there are only 153 actually residing in the village, the remaining 47 being absent from it. The latter are allowed to draw their allowances through their agents which is certainly opposed to the terms of the grant.

III. PADITARA ALLOWANCE.

5. Payment of this allowance is confined only to temple servants, numbering 242, of whom 162 are Brahmins, the remaining 80 being non-Brahmins. According to Tasdik Patti, they have to be given 239 seers of cooked rice daily. The distribution of rice dole in this case is not made as in the two preceding classes, at a uniform rate, but at varying rates according to the importance and character of the service rendered to the temple. The total monthly quantity of rice is 6,692 seers costing Rs. 325—3—0, computing the rate at Rs 4—13—9 per palla, which was the selling rate at the time of the grant Owing to the rise of prices, their allowances also gradually decreased and now they get only a fourth of the original allotment as is the case with the other two classes I and II. In this class there are no absentees, the service being performed either by the principal or by a substitute during the former's absence.

6. From the foregoing, it will be clear that, the complaint of the Brahmins that they do not now get the usual quantity of rice, owing to the prevailing high prices, is true, and I am satisfied from the enquiries that the allowance now given them is hardly sufficient to maintain themselves and their families; and they having no other source of living, are in great distress. Then the question arises what relief can be afforded to them and from what funds the cost is to be met. I may here mention that any relief that may be decided upon by the Government will not be extended to the absentees from Melkote, and it will only be continued provisionally for the next four months to the resident population of the place

7. I would submit here two alternative measures of relief for the consideration of the Government :—

(*a*) to allow them the full quantity of rice, *viz.*, ¼ seer to each as fixed in the Tasdik Patti, or

(*b*) to allow them the difference between the normal rate and the famine rate; in other words, to allow them ⅛ seer of rice each, the rate at which they were getting the allowance before the present season of scarcity

In either case, there will be extra expenditure and I have appended 3 statements showing details.

8. In the first case, the monthly expenditure amounts to Rs. 1,364—15—7 and for the four months to Rs. 5,459—14—4 and in the second case the monthly expenditure will be Rs. 463-2-10 and for four months Rs. 1,852—11—4. Considering the means of the Institution, it is not possible to adopt the first alternative as the cost is prohibitive, and the second alternative is the only one that can be conveniently adopted, if the Government be generously disposed to sanction it. Now arises the question of funds. The additional cost is doubtless a legitimate charge on the Surplus Fund belonging to the temple. The Institution has now at its credit Rs. 12,903—8—4 as particularized in the margin. * But if this surplus amount is to be appropriated towards the above expenditure, there will be no money available for the repairs of the temple which are also reported to be urgently needed to prevent its decay. An estimate for repairs of the temple amounting to Rs. 11,732—0—0, nearly the full extent of the Surplus Fund, has already been submitted by the Deputy Commissioner of the Mysore District, and is now pending sanction of the Government. The only other source that is available from which this additional cost can be met is the amount of saving of Rs. 5,250—0—0 available under the head (II. Bhatamanya cash allowance) already referred to. This amount properly belongs to the temple, the same forming a part of the Tasdik amount originally sanctioned; and is now held by the Government as a trustee for the temple. I would at the same time recommend that the execution of repairs to the temple may also be sanctioned at an early date from the temple funds as it will provide ample work for the laboring classes of the place and also of surrounding tracts for the next four months and more during this season of scarcity and then there will be no need for opening further relief works in this locality."

* Surplus Fund ... Rs. 2,902—1—0
Receipts of the Temple .. „ 10,001—7—4
Total Rs. 12,903—8—4

No. M. 461-2, DATED BANGALORE, 8TH FEBRUARY 1892.

ORDER THEREON.—The Government approve of the Superintendent's proposal to publish a notice requiring the absent members referred to in paras 3 and 4 of the Memorandum, to conform to the condition of the grant by taking up their residence at Melkote within 3 months from the date of the publication thereof, failing

which, their allowances will cease. The notice shall also state that though the allowances of the absentees will not be payable during their absence, yet their *Hak* to the same will be recognised on their taking up their permanent residence at Melkote and this will be noted on the Temple records, as the same is regarded as a matter of honor, however small may be their pecuniary value.

2. Having regard to the present season of scarcity, the Government are pleased to direct that rice allowances of quantities given last year, namely, ½ of the Tasdik quantities, be continued this year to all recipients residing at Melkote, the excess charge thus incurred being debited to the Temple funds. It must be clearly understood that no absentees will get the excess allowance now ordered during the next three months or any at all after that period, if the condition of the grant is not fulfilled.

3. Separate orders will be issued as regards the repairs of the temple.

Stating that the qualifying service of Pandurangappa, Shekdar of Anantapur Hobli, Sagar Taluk, under Government being less than 30 years and his age less than 55 years, he is not entitled to a retiring or superannuation pension, nor is he entitled to a compensation pension, as his post has not been abolished; that Pandurangappa himself having pleaded inability to serve longer, he was twice sent for medical examination and was certified to be physically fit for further service; that he has thus no claim to an invalid pension also; that, under the circumstance, "the dispensing with his services" must practically be regarded as dismissal; that the Deputy Commissioner should record such an order in due course, unless the official is fit for other duty, in which case it is but just and fair that such other duty should be given him; and that no pension can be sanctioned, as none is due under the rules of the Mysore Service Regulations.
4	12239—1405	Do	The Excise Commissioner in Mysore.	Stating that Government will be prepared to strain a point and sanction the application of para 14 or 12 of Proceedings C. No. 323—33, dated 24th September 1891, to the case of the officials lent to the temporary Toddy Depart-

				ment, whichever may be the more favorable to them; that the cases of the 3 testors, who have been allowed Rs. 50+30 on being employed as Toddy Darogas, are justified neither under the one paragraph nor under the other; that they might at best get Rs. 50+15, the scale sanctioned in para 12; that it is not clear how and why Rs. 50+30 were allowed; and that a further explanation should be called for from the Excise Assistant Commissioner.

Informing him that Government Gazette was ordered to be supplied at half price to Patels and Shanbhogs, as they are village servants whose duties require them to give effect to the Notifications and Orders of Government; that a similar concession to School Masters on whom no such duty is devolved is likely to be abused and tell heavily on the receipts on account of Gazette subscriptions; and that Government are, therefore, not prepared to extend the above concession to School Masters.

	No.	Date.	To whom sent.	
1	12749—P. 277.	4th	The Deputy Commissioner of the Mysore District.	In the matter of Appeal No. 2005—2732, dated 22nd October 1891, from Timmegauda of Lalanakere, Nagamangala Taluk, praying for the cancelment of Deputy Commissioner's endorsement No. 121, dated 7th September 1889, confirming the order of the French Rocks Sub-Division officer setting aside the grant of waste land No. 32, in the said village on assessment to Petitioner, and granting it on kandayam to the village community for grazing purposes. *Order.*—"This appeal preferred against the Deputy Commissioner's order after the lapse of more than 2 years, cannot be entertained. It is rejected as being barred by limitation."
2	12930—P. 163.	6th	The Deputy Commissioner of the Hassan District.	In the matter of Appeal No. 1300, dated 2nd September 1891, from Basavegauda of Mandighatta village, Belur Taluk, praying that Survey No. 15, belonging to the Belur Sri Channakesavaswami's Temple and which had been rented out to another, be granted to him (Petitioner), as he had previously been in enjoyment and possession of it for upwards of 50 years, and that he was prepared to pay the increased assessment thereon—read Deputy Commissioner's letter No. 728, dated 25th January 1891, reporting that the Petitioner had not been in possession of the land since the year Virodhi 1889. *Order.*—As Petitioner has been out of possession of the land in dispute since the year Virodhi (1889), and owing to its relinquishment by him and his refusal to pay the increased assessment, it has been given over to Virabhadragauda, the Government decline to re-consider the order already passed.
3	13045—P. 237.	13th	The Deputy Commissioner of the Bangalore District.	In the matter of Appeal No. 1743, dated 6th November 1891, from Sitaramaiya, Shanbhog of Ichangur village, Anekal Taluk, complaining against Deputy Commissioner's order

Serial No.	Proceedings. No.	Date.	To whom sent	Subject and Order
				No. 471, dated 9th September 1891, which was to the effect that 11 guntas of land out of Survey No 71, stated to have been encroached upon by him (Petitioner) should be formed into a separate number and granted to the Darkhastdar Guddahallaya; and praying that the said land be confirmed to him as a portion of his Shanbhog Inam or that the sum of Rs. 16-13-8 recovered from him on account of kandayam be refunded to him—read Deputy Commissioner's No. 801, dated 31st December 1891, submitting the vernacular proceedings in the case. *Order*.—The Shanbhog has been guilty of fraud and concealment of facts The encroachment upon the land dharkasted for, has been clearly proved, and the order of the Deputy Commissioner appealed against is a very proper order and cannot be interfered with. But for the dharkhast of Guddahallaya the Shanbhog's fraud would not have been detected. Appeal rejected
4	13147—P. 238.	13th	The Deputy Commissioner of the Kolar District.	In the matter of Appeal No. 1320, dated 12th September 1891, from Subbarayappa of Iragamuttanhalli, Mulbagal Taluk, complaining against the Deputy Commissioner's arrangement that he (Petitioner) and Ramaiya should perform the Shanbhog duties of the amalgamated villages of Iragamuttanhalli and Konagunta by turns; and praying that either the two villages be separated and Petitioner permitted to be the registered Shanbhog of his own village Iragamuttanhalli, or he be allowed to do the duties of both the villages, paying Ramaiya 2 years' pay every 5 years—read Deputy Commissioner's No. 2987—922, dated 31st January 1892, submitting the vernacular proceedings in the case. *Order*.—The arrangement for performance of duties by turns, specially sanctioned by the Deputy Commissioner in communication with the Survey Superintendent seems, under the circumstances of this case, equitable and just. The appeal is therefore rejected.
5	13192—P. 238.	17th	The Deputy Commissioner of the Bangalore District.	In the matter of Appeal Petitions Nos. 3654 and 3718, dated 5th and 9th February 1892, respectively, from Venkatrangachar, Jodidar of Kaggalhalli, Devanhalli Taluk, complaining against Deputy Commissioner's endorsement

				No. 83, dated 10th August 1891, informing him (Petitioner) that no time could be granted for the payment of the arrears of quit-rent due; and praying that orders be issued for a detailed survey of the village, that until then the village be taken under Government management, and that the sale thereof advertized for 24th February 1892 be stopped. *Order.*—This appeal is beyond time. Petitioner's request for staying sale is apparently inadmissible, but the Deputy Commissioner may, if there are sufficient grounds, recommend the estate being brought under Government management under Section 165, Revenue Code, and Rule XXXIX, para 3 of the Revenue Rules.
6	P. 308.	18th	The Deputy Commissioner of the Mysore District.	In the matter of Appeal No. 2065, dated November 1891, from Bettegaudana Viregauda of Santemarahalli, Chamrajnagar Taluk, complaining against Deputy Commissioner's order Nos. 13 and 32, dated 9th April and 10th August 1891 respectively, rejecting his (Petitioner's) appeal as it was beyond time and confirming the General Assistant Commissioner's order, cancelling the sale of Survey No. 142 (one of the dry lands in Shanbhog Surnarnappa's Patta) to Petitioner—read Deputy Commissioner's letter No. 959, dated 29th January 1891, reporting that the sale had been cancelled in favor of one Nanjunda Setti, the mortgagee of the land, and that Petitioner's appeal had been dismissed under Section 211 of the Land Revenue Code. *Order.*—If Petitioner was dissatisfied with the Assistant Commissioner's order, refusing to confirm the sale, he ought to have preferred an appeal, within the time allowed by law, to the Deputy Commissioner. Having failed to do so, the order of the Assistant Commissioner became absolute, and no objection could now be taken to the further proceedings taken in pursuance of that order. The Petitioner's appeal to Government is, therefore, rejected.
7	13461—P. 70.	23rd	The Deputy Commissioner of the Shimoga District.	In the matter of Appeal No. 1552, dated 25th September 1891, from Gurappa *bin* Siddaiya of Chaudanayakankoppa, (illegible) Shikarpur Taluk, complaining against Deputy Commissioner's order in Revenue Miscellaneous Case No. 5 of 1886, directing, without the knowledge of Petitioner and to the prejudice

				of his son's interests, that his (Petitioner's nephews, Dodda Basavaiya and Sanna Basavaiy be appointed to the Pateli of the Chaudanayakan koppa village on his death or dismissal; and praying that the office be conferred on his son—read Deputy Commissioner's No. 904—855 dated 17th February 1892, reporting that the order referred to, which is dated 21st January 1887, was communicated to the Petitioner through the Taluk on 25th July 1887. *Order.*—The order of the Deputy Commissioner was communicated to Petitioner through the Taluk on 25th July 1887, and the appeal to Government which was received in October 1891 is barred by limitation, and is therefore, rejected.
8	13669—P. 328.	25th	The Deputy Commissioner of the Mysore District.	In the matter of Appeal No. 258, dated 5th May 1890, from Patel Narsegauda and others of Jodi Mavinkattekoppal, Nagamangala Taluk, complaining against the transfer of the said Jodi village from the Asali village of Mallanayakanhalli to Dandabale during the Survey Settlement, and praying for its re-transfer to its former Asali village—read Deputy Commissioner's Nos. 367 and 827, dated 24th June 1890 and 31st December 1891 respectively, stating that, in the opinion of the Sub-Division officer, the re-transfer prayed for was not necessary, and submitting the proceedings connected with the transfer of the village in question to Dandabale. *Order.*—It appears from the correspondence submitted by the Deputy Commissioner, that Mavinkattekoppal, which originally belonged to the Asali village of Dandabale was, during Inam Settlement, added on, by mistake, to Malenayakanhalli, and that, upon proper enquiry, the Survey Superintendent ordered its transfer to Dandabale. The Deputy Commissioner and the Sub-Division officer were of opinion that the arrangement ordered by the Survey Department was convenient for all purposes. The Government therefore decline to disturb the existing arrangement.
9	13670—P. 172.	Do	The Deputy Commissioner of the Hassan District.	In the matter of Appeal No. 1135, dated 20th August 1891, from Maligegauda, Gungur village, Belur Taluk, against Deputy Commissioner's endorsement No. 99, dated 23rd July 1891, rejecting his petition, representing that

				in 1878 the late Shanbhog Devaraiya fraudulently transferred in his name land, Maji No. 51, now bearing Survey No. 63, and that the land was, nevertheless, in Petitioner's enjoyment all along, and praying that his name be entered in the Revenue Register—read Deputy Commissioner's No. 785, dated 17th February 1892, stating that as the transfer in question took place under a proper Warg Razinama in 1878 and the Petitioner kept quiet so long, the entry in the accounts could not be changed. *Order.*—The Deputy Commissioner's report shows that the land in dispute was registered in 1878 under a Warg Razinama tendered by the then khatedar. The transfer in the Revenue Register having been made more than 12 years ago, no change in the entry can now be summarily ordered on the complaint of Petitioner as held by the Deputy Commissioner. The appeal is therefore rejected.
